

Two-thirds Vote May Be Needed For Contest

**\$147,500 Proposal For
Garbage, Trash Pickup
Goes To Council May 21**

Granite City's \$147,500 garbage and trash collection proposal hangs in a legal interpretation of the term "public works." An opinion is forthcoming from the city's legal staff.

State statutes specify a municipality can carry out public works without the aid of only by a two-thirds vote of the city council. No bids were sought for a private contract for the collection of garbage and trash, the present city sanitation department, and there was no indication at last week's council session how the members stand on the issue since no motion for a referendum was made before any vote was taken.

Several aldermen in protesting the fast action sought last Monday night pointed out the city could economize by its own operation of the department to cut actual garbage and trash collection figures. Such a proposal, they said, would not be a \$147,500 proposal. They also question the legality of awarding any such contract without first securing sealed bids.

Contract, Quicker Due
Mayor Davis indicated at that time he had talked earlier to several contractors and would be able to submit bids for proposals for consideration. The rush, he explains, is due to the expiration of the city's agreement with the contractors who negotiate for the sanitation department workers and the preparation of the budget for the city's new fiscal year that started May 1.

The contractor, United Disposal Corp., St. Louis, seeks a three-year contract with the city at the \$147,500 annual figure. The proposal is expected to be the main topic of this evening's meeting of council chairman to which all aldermen have been invited.

In opposing the award of the private contract at the \$147,500 figure, Alderman Donald Partey points out the comparison with the \$188,011 cost of operation.

Interest Shown In Study Here For Federal Lab

Interest in the Quad-Cities area as a possible location for a \$3,000,000 federal water pollution control laboratory was expressed in a letter from Ralph C. Palange, facilities officer for the Department of Health, Education and Welfare, received over the weekend at the Tri-Cities Chamber of Commerce office.

Palange said the site location proposal submitted by the Quad-Cities Industrial Development Committee was well prepared and that representatives of the department had been conducting a study of the St. Louis area as a possible location for the laboratory to serve the Midwest area will be assigned to evaluate the local area.

The representatives will be from the Region V office staff at Chicago, and Palange said a copy of the local C. of C. proposal is to be forwarded to H. W. Poston, regional program director, who is to arrange the time and place for the visit to the Quad-Cities.

The federal water pollution control lab would be a research facility proposed for the Midwest is one of several authorized by Congress with the network to extend from the Rocky Mountains to the Alleghenies.

Such a laboratory would employ up to 80 persons.

Order Issued To Close Tavern In Rural Area

An order was issued Thursday at Edwardsville by County 12 Commissioner Gus Heller for the sheriff's office to close the Wagon Wheel tavern at Eagle Park, near St. Martin, for failure to obtain a 1962 liquor license.

The tavern had been operated the past year under a 1961 license issued to William Spencer and was operating four months of the current license year without a license renewal. Heller issued the closing order after the proprietor failed to make application and pay the \$300 license fee earlier last week.

A total of 123 county tavern licenses have been issued for the year compared to 148 last year.

Graduations Set For 450 High School Pupils Here

**Also Commencement
Programs For Local
8th Grade Students**

Almost 450 students are to be graduated from the four Quad-Cities high schools within the next four weeks, with pre-graduation activities beginning this week in most schools.

Preparations also are underway for commencement exercises for eighth grade students at local parochial schools and at Madison and Venice junior high schools.

First of the community's high school commencement programs will be that of Lincoln in Venice, which is set for May 23. The Venice high school program will be held the following night, the Madison school graduation will be May 25, and commencement exercises for Granite City high school are scheduled for Friday night, June 8.

The size of all graduating classes is tentative, pending the outcome of final examinations.

Twenty-three eighth grade students are to receive diplomas in graduation exercises at Venice grade school at 8 p.m. Tuesday, May 22, in the school gym. The graduation program will be followed by a party for the graduates, given by their mothers.

The school band will provide music for the procession, and the program will feature musical selections, a class prophecy, addresses by the valedictorian and salutatorian and presentation of diplomas by Lester Salem, school board president. Rev. Robert C. McCarthy, pastor of St. Mark's, will officiate at the ceremony.

County Board To Consider Tax Rate Vote

A special referendum in November to increase the county tax rate is to be recommended to the county board of supervisors in June, it was announced at Edwardsville over the weekend following a meeting of the county's finance committee.

Chairman Leslie Frenn, Wood River, said the county is in dire need of relief from its lack of revenue and that if relief is not found, costs and ultimately services will have to be cut.

The county's financial problems result from action of the Illinois Supreme Court last May when it declared the 10-cent rate illegal. The present maximum is \$6.66 cents per \$100 assessed valuation, a cut to almost half of the general county revenue collected annually before the slash.

It was brought out that to call a special tax referendum a resolution would have to be approved in advance by the county board. The board members are to meet again next Monday to further prepare the resolution.

Two Safety Awards For Johns-Manville Plant

A. W. Buechner, plant manager, and Charles DeFousse, plant safety director, will award two safety plaques at a gathering of employees of the Johns-Manville Corp. roofing plant in Venice at 3 p.m. Wednesday.

The plant, which employs about 80 on a single shift, has operated since September 1959 without a lost-time injury. The plaques are presented by the Safety Council and Asphalt Roofing Industry Bureau who recognize the 1961 phase of the achievement.

Mayor Davis Leaves To Attend Two Conferences

Mayor Davis departed Saturday for Miami Beach, Fla., to attend the annual session of the International Conference of Mayors, and will go on to Puerto Rico and the Virgin Islands for sessions of the International Conference of Mayors.

The national meeting opened yesterday and will continue through Thursday and the national meeting is set for Friday and Saturday.

Mayor Davis said he will return May 20.

Mother's Day Baby Arrives At 12:32 A.M.

Arriving at 12:32 a.m. yesterday, seven-pound, nine-ounce Christopher Wayne Callender won for his mother the "Mother's Day" closing order at St. Elizabeth Hospital to conclude its annual observance of National Hospital Week.

The new arrival, fourth child of Mr. and Mrs. Carl M. Callender, 5109 Mayville road, is a complete layette for his mother, who is to receive a 10% discount on the hospital bill, a gift from the Sisters of Divine Providence.

The father is a checker at Granite City Steel Co. The mother is the former Miss Glenn Kelly of Venice. Their other children are Kimberly Sue, 3, and Tracy Lynn, 2, and Patrick Scott, 14 months old.

Christopher Wayne was the first of four infants to arrive at the hospital on Mother's Day.

Faster, Greater Runoff With 2-Pipe Sewers

Granite City's proposed dual (two-pipe) sewer system is designed for faster and greater runoff of storm water such as the 2.70 inches of rain which fell in a short period of time recently and caused widespread flooding.

Of the contemplated \$100,000 revenue bond project, over \$75,000 would be spent to provide additional drainage facilities in separation the present combined sanitary and storm water sewers in the older sections of the city, and an additional \$25,000 is earmarked for widening, paving and fencing the Namecki storm water drainage ditch.

Also planned are interceptor sewers costing an estimated \$140,000, which would permit the use of several of the city's existing sewers of large diameter for storm water outlets.

Area Traffic Death Toll Jumps To 11 During Weekend

The area's 11th traffic death of the year occurred over the weekend when an East St. Louis motorist suffered fatal injuries early Saturday as his car went out of control and rolled over several times south of Madison.

In 13 other Quad-City area traffic mishaps on the weekend, eight injuries were reported.

Seek Permit For Gas Line Serving 5 Local Plants

The Oklahoma Illinois Gas Pipeline Co. today filed an application with the Federal Power Commission for permission to construct and operate a natural gas transmission system to serve utility and industrial customers in the St. Louis and Illinois metropolitan areas.

Firms listed for service include five in the Quad-Cities, Granite City Steel Co., American Steel Industries, Laclede Steel Co., Dow Metal Products Co. and National Lead. All have contracts with the company for additional gas supplies.

The proposed new supplies would be delivered from western and southwestern Oklahoma through about 700 miles of main transmission line. R. D. Rickerts, Houston, Tex., president, said the facilities would represent an investment exceeding \$24,000,000. Headquarters of the firm are in Tulsa.

Uninterrupted Supplies
"This new line will supplement current supplies and make ample quantities available for both domestic and foreign markets," said Rickerts. "The new line will be built in phases and will be in operation by late 1963 or early 1964."

The system has an initial peak day capacity of 188,000,000 cubic feet (81,600,000 for utilities and 106,400,000 for industries) which can be economically increased to 300,000,000 as demand grows.

Three compressor stations are proposed initially, with a total of 14 stations in all. The new facilities can be in operation by late 1963 or early 1964. Dates for public hearings are expected to be announced within 30 days.

The application cites contract terms of 35.19 cents per thousand cubic feet for industrial gas, and 27 cents for residential gas.

Band Leaves Tomorrow For New Orleans Visit

The Granite City high school band will leave by bus from the school tomorrow morning as the first step in the annual spring tour, a rail journey from St. Louis to New Orleans, La. The 22-member band, directed by John McDonald, senior high school band leader, will be accompanied by a bus tour of old mansions and the main part of the city, a daytime visit to the French Quarter and a boat tour of the harbor and waterfront.

Sewer Bond Rate, Fee Table Being Prepared

**Ordinance Setting \$3.25
Monthly Minimum To Go
To Council Next Week**

A rate ordinance setting forth the monthly charges for householders, businesses and industries to finance Granite City's proposed \$10,000,000 revenue bond issue for pollution abatement and storm water relief is being prepared and will be submitted to the council next Monday evening.

The minimum monthly charge per average household has been set at \$3.25, which is under the original estimate of \$3.40. The \$3.25 monthly fee would apply to most of the 11,000 dwelling units in the city.

The charge is to be based on water consumption, and that the sewerage system is to be winter quarter for each household, so as not to include water which may be used for gardens and lawns and would not go into the sewers.

William Beatty, former city engineer, is preparing the ordinance which will set forth monthly or quarterly charges for all businesses and industries connected into the city sewer system.

It is to be submitted to the council next Monday when the ordinance will be read and approved, placed on first reading May 7, is expected to be presented for adoption.

Improvements

The \$10,000,000 revenue bond issue actually covers an estimated \$11,800,000 of extensions, improvements and construction, of which the city is seeking \$600,000 federal aid for the construction of the sewage treatment plant and interceptor sewers and \$1,800,000 from the East Side Levee & Sanitary District to cover the cost of the widening, paving and grading of the Namecki area storm water drainage ditch.

Cost estimates for other phases of the work are \$1,225,000 for the treatment plant, \$1,400,000 for the interceptor sewers, \$7,500,000 for storm water drainage lines and ditches and \$100,000 for sanitary sewers in the North Granite area.

To finance the city's cost of the program, which was originally outlined by the Citizens' Sewerage & Drainage Committee, a recommendation to the city council last Dec. 13, the city has agreed to issue \$10,000,000 bonds of \$1000 denomination to be retired over a period of 40 years. The first 10 bonds were issued last week.

J. Champion of Zeigler and Louis of San Diego, Calif.; and a sister, Mrs. Mary Joe Champion of Murphysboro. Funeral arrangements are given in the obituary column.

Area Wide Search For Missing Youth

A Granite City junior high school student, James Rehms, 15, who has been missing since last Friday, is the object of a widespread search by area authorities.

His father, James Rehms, 2228 East 11th street, said no word has been received from the youth or concerning him since his disappearance, and he is unable to give any idea where the boy might have gone.

The youth, who is five-foot, seven inches tall and weighs about 125 pounds, wears glasses and has a fresh cut haircut. When last seen, he was wearing blue jeans, a light blue turtleneck sweater, a white T-shirt and white tennis shoes.

Anyone knowing his whereabouts is being asked to contact either the father, local police or the Coordinated Youth Services office.

Faster, Greater Runoff-Sewers

(Continued from Page 1)

The proposed new drainage sewer system has been designed to handle storm water runoff through separate lines not only in the downtown business district, but also in West Granite, Lincoln Place, Tri-City Park, East Granite and the residential area surrounding Wilson Park, with the Namekitch ditch widening and paving project to be developed under the run of the additional water to be dumped into it and to aid the Namekitch area.

The ditch would be widened virtually its entire length and in addition to be fenced for protection of youngsters in the area, it would be paved to speed the runoff.

The plan is to divert to the Namekitch ditch the storm water from East Granite and from Granite City proper north of 21st street.

To handle the flow of surface water, two new five-foot channels are proposed, with one to extend along the old Illinois Terminal Railroad right-of-way from Kate street east to the Namekitch ditch and the other on Granite City Steel Co. property paralleling East 23rd street from a point near Bromley avenue to Henry street, where the ditch would turn south and increase in size to a 10-foot width and go under Edwardsville road near the Namekitch road intersection and then run parallel along the south side of Edwardsville road to the main ditch.

The channel along the old ITR right-of-way would handle lateral storm water lines along Bromley avenue, Hall street, Kate and Henry streets and Ridgeway avenue, which would have extensions into the Kinross Homes housing project.

Other laterals leading to it would be along Short street and Namekitch street, and cross-town laterals which would be along 25th street, 26th street and 27th street.

The 27th street lateral would extend to Center street and into the Heinatville area to handle drainage.

The channel adjacent to East 23rd street would have laterals extending along Monroe and 21st streets, Niedringhaus avenue, Iowa street, a Washington avenue and from sections of Bromley avenue, Hall street, August street, Kate street, Henry street and Ridgeway avenue.

West Granite Drainage

In the West Granite area, major drainage lines are planned along West 20th street from Missouri avenue to Spruce street, West 21st street, West 22nd street, West 23rd street and Ohio street, with interlocking laterals. Other lines are planned for Roosevelt street and along East 20th street with connectors from Sherman, Russell, Quincy, Park and Omaha streets.

The main trunk would be along Quincy and Atlantic streets.

In the Tri-City Park area, the proposed storm water sewers would be located on Iron street, Rhodes street, Granite avenue, 12th street and Martin street.

Another drainage line would be located along East 20th street with connectors from Sherman, Russell, Quincy, Park and Omaha streets.

The main trunk would be along Quincy and Atlantic streets.

Voters' Approval Needed To Meet Teachers' Full Request

(Editor's note: Granite City, Ill., is directly involved in the proposed new salary agreement between the school district and teachers, since voters must approve any increase in the present \$17.50 educational fund tax rate. To increase general understanding of the financial aspects, this news article and the accompanying chart have been prepared by the Press-Record. The analysis is based on existing factual information and future projections, with explanations given of how the projections were determined.)

Referendum approval of an increase in the present \$17.50 educational fund tax rate limit will be necessary if the full salary request of Granite City teachers is to be met.

The school board will consider the pay request at 8 p.m. Wednesday.

The conclusion that an election would be needed is based on the estimate that the proposed 1962-63 agreement would cost the district at least \$400,000 (\$88-a-month salary schedule increase times nine months times 500 persons), not counting the request for \$5-an-hour overtime pay.

\$35,000 Available
Available funds of the district total \$35,000 in an analysis made today by the Press-Record.

The estimate assumes that non-payroll educational costs would rise 6% or \$97,000, in line with the approximate yearly enrollment gain of 6%.

If non-salary costs are the same in 1962-63 as the \$1,629,393

total of 1961-62 (\$5,117,301 educational fund budget less \$3,487,708 budgeted for instruction), the additional \$97,000 plus the \$35,000, or an aggregate of \$132,000, would be available.

Faculty Expanded By 15
The \$132,000 higher costs represent \$97,000 for increased non-payroll costs of the educational fund (operating costs, fixed charges, general control, auxiliary agencies, maintenance, interest charges, capital outlay and contingencies) due to enrollment growth, and \$75,000 for 15 extra teachers being added (15 times estimated average monthly pay of \$505 times nine months).

If one or two more teachers are hired to help retain recommended class sizes, as has been discussed by the board, the available \$35,000 would be cut to \$30,000 or \$25,000.

Higher Assessment, State Aid
Extra revenue of \$227,000 is based on \$100,000 more state aid from the anticipated gain of 800 pupils, and \$127,000 from the \$7,638,147 property assessment increase (\$182,021,702 instead of the previous \$174,383,553).

A \$17.50 tax rate applied against the \$7,638,147 assessment produces \$133,666 mathematically, reduced to \$127,000 by the current experience of 5% collection losses and costs.

If the present tax rate limit should be changed by voters, and a \$400,000 salary increase is granted by the board, the educational fund rate would rise by

21.9 cents on each \$100 of proportional valuation. This does not take into account assessment changes, but represents the rate necessary to produce \$400,000 when applied to \$1,852,621,702.

Based on the present \$3,808 total Granite City tax rate, including \$2,277 for the school district, a 21.9-cent rate increase would boost school taxes 9.6% and would increase the overall tax bill by 5.6%. If reduced by the \$127,000, available from the valuation increase, the rate increase would be 14.9 cents, 6.5% of school taxes and 3.8% of the total bill.

The analysis is regarded as accurate to the extent of the factors considered. No calculation was made on federal "impact" aid for school operating expenses because this has remained fairly constant from year to year. No figure was included for general federal aid to teachers' salaries, which depends on possible future action by Congress.

In estimating state aid on the probable average daily attendance of the expected pupil enrollment, it was assumed there will be payment in full.

Possible State Action
School officials have been advised of a possible 2% to 4% reduction in state payments beginning next January, but the state legislature convening that month may adopt a deficiency appropriation. State aid in 1960-61 totaled \$1,515,560 for the educational fund.

No consideration was given in the analysis to operating debt

(\$700,000 as of June 30, 1961; no new tax anticipation warrants issued so far this year but a possibility of \$200,000 borrowing by June 30). Also, no gain in funds was listed from the potential reduction in borrowing costs. If less is paid for interest, more would be available for salaries, but this probably would amount to less than \$500.

In predicting that approval of the full salary request would necessitate a change in the tax rate limit, it was assumed that there will be no decrease in spending for educational supplies, equipment and other non-salary costs. This is the category in which a rise of 6% or \$97,000 due to enrollment expansion was used in estimating the available funds.

The chart comparing salary schedules of this year and next year lists monthly amounts as determined by dividing annual salaries by nine. Actual length of school terms varies among the districts surveyed, but in no case do the teachers actually work more than 39 weeks in some instances, the opening day and closing day are separated by more than nine calendar months. Granite City teachers work 178 days a year.

Extra Duties
Extra work performed by teachers, cited last week in the overtime pay request, includes taking of tickets for football and basketball games; evening and weekend duties for band teachers and others by nine. Actual length of school terms varies among the districts surveyed, but in no case do the teachers actually work more than 39 weeks in some instances, the opening day and closing day are separated by more than nine calendar months. Granite City teachers work 178 days a year.

Such duties vary among the departments and schools, and no complete list has been announced. Many teachers also grade students' papers after classes or at home. In some cases, extra work, such as coaching of teams, qualifies for extra pay.

The current length of the school day for pupils is a six and a half hours at elementary schools, 9 a.m. to 3:30 p.m., and seven and a quarter hours at junior high schools and Granite City high school, 8:10 a.m. to 3:20 p.m. The kindergarten schedule is two and a half hours for each of two classes, one in the morning and one in the afternoon, plus recess periods.

Other than kindergarten, state law requires that five clock-hours of school work be given daily under the direct supervision of teachers. Recess periods, lunch, study periods, grading time, counseling and other activities are in addition to the five hours of instruction.

Present daily pay ranges from \$26 to \$42 based on university credits and degree and length of teaching experience. Under the proposal the range would be from \$30 to \$46 a day not counting overtime.

Dramshop Suit On City Court Docket
A city court jury is scheduled to begin hearing testimony tomorrow morning in a dramshop suit, the next case marked ready for trial on its two-week setting.

The docket lists Harold A. Schmitz as the plaintiff and Clarence W. Adams as the defendant. Judge Fred P. Schuman will preside. The jury was dismissed today.

St. Louis Charged
Dennis Lee, 41, of St. Louis, was charged by Venice police Saturday afternoon with destruction of property and released on bond to appear for a hearing Saturday. The charge stemmed from an auto accident May 5 on Broadway, after which Lee failed to pay for damages to another vehicle.

Judge Revokes Probation Of Jerry Hutchinson, 18
Jerry Hutchinson, 18, of Granite City was sentenced to one to three years at the Illinois Penitentiary Friday by Circuit Judge Harold R. Clark. He had been on probation for burglary of a Madison service station last year.

Judge Clark revoked the probation because of failure on the part of Hutchinson to report to his probation officer, and because he was found guilty of criminal trespass of a motor vehicle.

Bay View Club Hears Paper On 'Trouble Spots'

Mrs. Arthur Roman, Rural Route One, entertained the Bay View Reading Club Thursday afternoon.

Mrs. Arthur Buente, president, was in charge following the dessert luncheon served to the members and two guests, Mrs. Albert Busch and Mrs. Emil Mueller, and the club members discussed the annual guest day meeting and luncheon of the local federated clubs to be held at St. Peter United Church of Christ, 21st street and Cleveland blvd., Tuesday.

Reports were also made by Mrs. Buente, Mrs. Russell Johnson, Mrs. Roman, Mrs. Robert Brandmark and Mrs. R. E. Chapman of the Twenty-second District meeting, IFWC, which they attended in Belleville recently.

The program for the day consisted of a summation by the various members of papers given by them during the past season. The year's study topic was "Trouble Spots" and the most of which were in foreign countries.

The next and final meeting of the club will be held May 24 at St. Peter Church with Mrs. Johnson and Mrs. Buente as hostesses. The highlight of the program will be a travelogue and pictures by Walter Brumner of places which he visited on trips to Germany.

MORE ABOUT

Sewer Bond Rate

(Continued from Page 1)

mature June 1, 1969, and the last 1250 on June 1, 2002.

Separate Fund

The revenue bond ordinance specifies that all revenues derived from the operation of the sewerage system are to be deposited in a separate fund to be designated as the "sewerage fund" to be used only to pay the cost of operation and maintenance of the disposal plant, to provide an adequate depreciation fund and to pay the principal and interest on the revenue bonds. The fund is to be deposited in a bank account separate for all other city accounts in a bank to be designated by the city council.

All expenses of operation and maintenance of the sewerage system, except the cost relative to the disposal plant, are to be paid by the city from funds other than the revenues of the system.

Five Separate Accounts
Within the "sewerage fund" there are to be five separate accounts to be created by the comptroller, who is to make allocations and credits in the first day of each month as long as there are any bonds outstanding.

For the "disposal plant operation and maintenance account," a sum is to be deposited sufficient to pay the estimated cost of operating and maintaining the sewerage disposal plant in good repair and working order for the following month.

Into an account designated the "sewerage interest and principal account" the deposit each

month is to amount to one-sixth of the amount of interest that will come due on all bonds then outstanding on the next interest payment date plus one-twelfth of the amount of principal that will be due on the bond at the next maturity date.

The city is to deposit in the "sewerage bond reserve account" the sum of \$5000 each month until \$600,000 is accumulated. Disbursements from this account will be only for the payment of bonds of interest and then only when other funds are not available for this purpose. Money from this account may not be used to pay bonds called for payment prior to their maturity.

Another account, the "sewerage depreciation account," is to receive \$1250 a month until \$300,000 is accumulated. It may be used for replacements to the system which may be necessary for the continued effective and efficient operation of the system and may not be used for extensions.

Surplus Account
The fifth account, "sewerage system surplus account," is to receive all revenues remaining in the sewerage fund which are not required for the other accounts. Deposits into this account are not to begin until the total amounts specified for the "sewerage bond reserve account" and the "sewerage depreciation account" are reached.

Money in the surplus account may be used by direction of the city council either for construction of extensions and improvements to the sewerage system or to redeem bonds prior to maturity. The surplus funds also are to be transferred to other accounts in the event of deficits.

Funds in the sewerage depreciation, the sewerage bond reserve and the surplus accounts may be held by the city as cash deposit or may be invested in bonds of the United States.

No Free Sewerage Service
Under the ordinance, the city, as long as any bonds remain

outstanding, is to collect charges for use of the sewerage system sufficient to pay 110% of the principal and interest. The rates are to be revised to meet the requirements and no free sewerage is to be granted except to the city. In no event, are the sewerage rates to be reduced by the city until such time as the amounts required to be deposited in the several accounts reach the maximum amounts.

The city also is to carry adequate insurance on all revenue-producing properties forming a part of the sewerage system. It is the city's responsibility, as it is in the case of the National sanitary sewer system, to set up the accounting system and to maintain the records, with an audit conducted annually by an independent certified public accountant.

A competent, experienced and qualified person is to be employed to supervise the sewerage system and a requirement that he hold a Class I certificate of competency for sewerage treatment plant operators issued under the rules and regulations of the Illinois Sanitary Water Board.

Engineer To Be Hired

A consulting engineer, prior to the beginning of each fiscal year, is to prepare a budget for adoption by the city council, setting out the estimated receipts and expenditures of the sewerage system. The budget is to contain an estimate of receipts, estimate of operating costs, a statement of any unusual and extraordinary expenses of operation or maintenance which might be anticipated, the replacements to the system anticipated, the amount of interest and principal due and a statement of the amount on deposit each of the accounts.

The ordinance instructs the city to employ an independent engineer with a favorable reputation for skill and experience in such work to insure efficient and economical operation of the sewerage system as long as any

Madison Avenue Oiling Scheduled For Tuesday

Oiling and sanding of Madison avenue are scheduled for tomorrow, with motorists still asked to avoid parking on the street between 7:30 a.m. and 5:30 p.m. daily. Final cleaning, patching and sweeping are in progress today.

Asphalt base and surface courses are expected to take about 10 days to apply, tentatively starting Wednesday. Parking will be allowed after asphalt is applied adjacent to the curbs, first phase of the asphalt paving.

Brewer Motor Observing

31st Anniversary
J. E. Brewer of Brewer Motor Co., local Rambler dealer, will begin an observance of his 31st anniversary in business at 22nd street and Madison avenue. His is the oldest agency in the Quad-Cities.

For the event, Brewer is announcing an anniversary special — the installation of a set of white wall tires on any Rambler purchased from May 15 through June 15.

Brewer started the business at the Madison avenue location 31 years ago this month.

bonds are outstanding. "The engineering firm employed to design and supervise the construction of the improvements to be paid for from the proceeds of this bond issue shall continue to be employed under this section until further action of the city council."

The consulting engineer is to inspect the sewerage system annually, prior to the start of each fiscal year, and is to file with the city clerk a report giving the conditions of the plant and system and any recommendations to maintain efficient operation.

Purcell and guest, Miss Friede Michel; Miss Grace Drickson and guest, Miss Nina Dittman; and Miss Nell Carr, Miss Ellen Follmer and Mrs. L. C. Harlan.

The birthday of Harry Johnson was recognized, with the group singing the birthday song.

The last meeting of the club year is to be held May 27, which will be a trip to Lincoln Lodge for boys near Grafton. A picnic dinner will be served to the boys and members of the club. This is a federated club project, also assisted by the United Fund.

SCHOOL MOTHERS CLUB INSTALLS

Installation of officers for the fall school term was held Wednesday evening by the Madison School Mothers club in the gymnasium of the Harris school, with Mrs. Julia Voloski as installing officer.

Cassages were presented to the officers by Mrs. Voloski as they were installed. They were Mrs. Bernadine Weidner, president; Mrs. Dorothy Loerch, vice-president; Mrs. Virginia Ditch, treasurer; and Mrs. Mary Lou Burke, secretary.

Mrs. Ditch, retiring president, opened the meeting prior to the installation. A short business meeting was held, with the latest project of the club, a chili supper, being discussed. Proceeds are to be used at the Harris school.

Mrs. Harry Johnson, a kindergarten teacher at Harris who is retiring at the close of this school term, was presented with a floral centerpiece.

A Spanish sketch was given by a number of boys and girls of Harris school, with the assistance of their teacher.

Prather Jr. High Band To Give Concert Thursday

The Prather Junior high school band will present its second annual spring concert on Thursday at 8 p.m. in the school gymnasium. The 63-member band will be under the direction of Miss Elsie Mayhew.

A feature will be the appearance of a "Dixieland Band" made up of six students from the band.

Gerald McKenna, cornet; Neil Lampe, trombone; Jud Travis, bass; Gloria Caban, clarinet; Harold Groves, tenor saxophone; and Mike Sigite, drums. There also will be an alto saxophone solo, "Enchantress," by Marilyn Shepard, and a baritone solo, "Memories of the Past," by Jud Travis.

Both of these students received first superior ratings in the contests held this spring.

The band will play a variety of selections including, among others, "Soldier of Fortune" by Hildreth; selections from "Flowery Drum Song" by Rodgers-Hammerstein; "El Dorado" by McRae; "Mozart Festival," excerpts from Mozart works as

arranged by Johnson; "Moon River," by Mercer-Mannini-Yorger; and "The Great Gate of Kiev," composed by Moussorgsky and arranged by McLeod. No admission will be charged for the concert, and the public is invited to attend.

Record Crowd Expected

At C. Of C. Play Day

A record-breaking turnout is expected at tomorrow's seventh annual "play day" to be held at Sunset Hills Country club under the sponsorship of the Tri-Cities Chamber of Commerce.

N. R. Brink, chairman, said reservations already top 1,200. The program starts at 10 a.m. with a handicap golf tournament. Other activity will include a horseshoe pitching tournament, cards, fishing and a chuck wagon dinner. Also on hand will be a hospitality committee to handle introductions.

Lollipop Awards For 'Best Dressed Feet'

Lollipop awards for the "best dressed feet" were awarded to four shoeless students during the annual "sock hop" in the Venice high school gym Friday night, sponsored by the student council.

The dance, with an orchestra providing music, was attended by over 75 students, and contest judging was carried out by the members of the student council.

The prize winners were Joyce Daniels and Kenneth McMullen, both sophomores; Michael Britt, a freshman and John Gonterman, a senior.

Returns From Hospital

Robert O'Neill, eight-year-old son of Mr. and Mrs. Harold O'Neill, 2501 Marshall avenue, returned home Saturday from Children's Hospital, St. Louis, where he was a patient for three weeks while undergoing head surgery and treatment for injuries received in a bicycle accident.

JUNIOR SERVICE CLUB ELECTS MRS. DEVANY

Mrs. Bertha Pace, president, was in charge of a meeting of the Venice Junior Service Club Wednesday evening at the Legion home. Final plans were discussed for a sheet social to be held May 16 at the Odd Fellows hall.

Reports were given, and it was announced the federation dinner would be held at the Missouri Athletic Club Saturday, with the Granite City club as hostesses. An election of officers was held Wednesday, and those elected were Mrs. Ruby Davany, president; Jackie Leathman, first vice-president; Pauline Schank, second vice-president; Ruth Rankin, third vice-president; Pat Dillard, corresponding secretary; Dorothy Bilyrey, recording secretary; Elizabeth Brawley, treasurer; and board members, Ila Bauer, Tullie McCarroll and Betty Guffey. The installation will be held on June 13 at the Surrey restaurant.

The board members were: Bill Hill and Delores Hill, and refreshments were served to the above. The 48-foot tree has a cluster of three red blossoms at its peak. She said she has been told it likely will not happen again in 50 years.

CONTEST WINNER — Mrs. Betty Young, 2913 Fortune drive, receives certificates for \$500 in household linens and \$250 in groceries from Alvin Barnes III, assistant advertising manager of the Tri-City Grocery Co. Mrs. Young won the grand prize in a color naming contest sponsored by the grocery firm.

SPRUCE TREE FLOWERS
In Lake Drive Yard
A 22-year-old blue spruce tree in the yard of Frank Kunich, 4300 Lake drive, is in full bloom — a spruce tree goes.

In what is described by Mr. Kunich as a "really rare occurrence," the six-foot tree has a cluster of three red blossoms at its peak. She said she has been told it likely will not happen again in 50 years.

NEW UNIFORMS FOR AUXILIARY DRILL TEAM
Venice-Madison American Legion Auxiliary Unit 307 met Thursday evening at the Legion home with the president, Mrs. Mildred Scannell, in charge. Judges were selected for the poppy poster contest, and Mesdames Dorothy Bergath, Pauline Hanger, and Virginia Peach modeled the new uniform of the drill team.

It was announced a Quadtown meeting will be held in Wood River Jan. 16. The drill team will march in a Memorial Day parade in Marietta June 2, and in Massachusetts June 3. It was announced that a member, Mrs. Rose Schank, is in St. Elizabeth Hospital in Bellevue. Present were Mrs. Viola Harrison, Joyce Austra, Mary Ballen, Helen Helen, John, Philip, Maxine Simmons, Dorothy Hinson, Hazel Hinson, Norma Hinson, Estella Bone, Anne Udell, Elizabeth Bergath, Jessie Henderson, Virginia Koenne, Beulah Sizemore and Frances Cowley.

SPRING TEEZUP AT FELLOWSHIP DINNER
The May meeting of the Good Shepherd Fellowship of the Venice Methodist Church was held Saturday evening. A roast beef dinner was served by the hosts, Mr. and Mrs. Willis Blades and Mr. and Mrs. Lloyd Patterson.

The business meeting was conducted by Roger Davis, past president, and the group discussed plans to begin redecorating the primary room, and also to replace the bulletin board in the church yard.

Birthday wishes were extended to Rev. Craig Dillman and Mrs. Blades. The church social rooms were decorated with spring flowers. Games were played and prizes were awarded to the winners.

Others present were Mrs. Naomi Boelling, Miss Jenkins, Mrs. Carl Davis, Mrs. Estelle Deacon, Mrs. Naomi Davis, Donald Sawyer and Mr. and Mrs. Raymond Harrold.

MOTHER'S DAY DINNER
The Venice Royal Neighbors held a Mother's Day dinner Wednesday evening at the Odd Fellows hall. Dinner was served from tables decorated in pink and yellow, with cut flowers as the centerpiece.

A gift was presented to the oldest mothers, Mrs. Hester Ohlendorf and Mrs. Edna Miller, and to the youngest mother, Mrs. Virginia Bone. A donation was made to the Royal Neighbors Home.

Guests for the evening were the district deputy, Mrs. Margaret Kneading of Staunton, and Sue Smith of the Granite City Juvenile lodge.

Others present were Mesdames Estella Bone, Myrtle Bone, Mae Thielke, Beulah Sizemore, Clara Simmons, Clara Essonpries, Zelma Hart, Betty Ritz, Ethel Moore, Jessie Gehler, Josephine Kneezovich, Hazel Painter, Mabel McGee, Lucy Williams, Mae Forsythe, Leatha Smith, Gladys Carter, Address Brown, Hazel Leath, Edna Huncke and Rose Hamilton.

He entered the Army last December and completed basic training at Fort Leonard Wood, Mo.

AWARD WINNERS at Thursday's "Future Unlimited" banquet for Junior Achievement companies included two members of "J. A. Dow of Granite," Miss Bernadette Acquaviva and George Haven. Their student corporation also was judged the best in its field in competition with other members of JA of the Mississippi Valley.

2 Local Junior Achievers, Firms Are Award Winners

Members of two local Junior Achievement companies were among 15 teenagers who received scholarships and cash grants during awards presentations at Thursday night's "Future Unlimited" banquet for JA members, sponsors and advisors, held in the St. Louis arena.

Bernadette Acquaviva, daughter of Mr. and Mrs. Bernard Acquaviva of 2445 St. Clair avenue, was awarded a four-year half-tuition scholarship to Webster College, St. Louis county. George Haven, son of Mr. and Mrs. Edward R. Haven of 2548 East 24th street, was recipient of a cash award.

Miss Acquaviva and Mr. Haven are both members of "J. A. Dow of Granite," a national corporation counseled by Dow Metal Products Co. The student firm itself was voted the top company in its field in competition with other firms in the St. Louis area, and was one of 10 student corporations which placed in national industry award competition.

A senior at Granite City high school, Miss Acquaviva has been a member of "J. A. Dow" for three years, and two years ago represented that firm at the JA national conference, where she received a trophy on behalf of her corporation. She was the company's top salesman and a member of the local JA center's "SIO Sales Club."

Haven was a finalist in this year's "Salesman of the Year" contest conducted in St. Louis by JA of the Mississippi Valley. He was president of "J. A. Dow" and early this year was named to the honorary position of "president of the year" of all JA corporations in the Mississippi Valley area. He is a January graduate of Granite City high school.

"J. A. Dow" Best In Field
In local industry award competition, "J. A. Dow" was judged the best company in its field — the general metals category. Another local center firm, "A. O. K. Co.," was named the best company in its field — iron and steel category.

Grammar On Board For University May Week

The traditional Honors Day ceremony will climax the annual May Week, May 14-20, at Northwestern University in Evanston and serving on the May Week board will be a local student, Gary Grammer, 4712 Vincent avenue.

Numerous events have been planned for the week, including crowning of the May Queen Sunday.

Parents of sophomore students and of outstanding freshmen and juniors elected by their residence units have been invited to Parents' Weekend on the campus Saturday and Sunday, May 19-20. Sponsored by the Parents Council of Northwestern, the events will include a luncheon, lectures by faculty members, panel discussions with academic and personnel deans about student life, and informal coffee hours at fraternities.

American Steel Cuts To 4-Day Work Week
The local American Steel Foundries plant, which has worked five days a week since mid-January, is operating only four days this week—Tuesday through Friday. The cutback is due to a drop in orders for railroad equipment, a company spokesman said.

The plant has a work force of 730 and is operating one shift.

'8750 Assessment In Auto Injury Suit

A city court jury deliberated five hours late Thursday night before returning a verdict in favor of the plaintiff in an auto accident injury suit, the first case to reach the jury during its current two week setting before Judge Fred P. Schuman.

The jury, in a 12:15 a.m. verdict Friday, assessed damages totaling \$8750 against Elmer Fry, defendant in a lawsuit filed by Ronald Berry.

Berry, a passenger in Fry's car on Sept. 14, 1958, when the car went out of control and crashed on State Route 16 in Jersey county near Hardin, alleged he sustained serious and permanent injuries as the result of the accident, and also charged Fry with reckless operation of his vehicle. He asked \$30,000 damages.

"GRANITE CITY... We've BIG PLANS for You"

That's right, Granite City, we've BIG PLANS for YOU... Just recently the Granite City Jaycees (1400 members) completed a community survey, from which some very interesting problems facing us were brought out. As of this time we have a committee going over these problems and they will submit their recommendations to our group and we in turn intend to do something about them. As stated in the last line of our "Jaycee Creed": (And that service to humanity is the best service we can give... so look for your Jaycee Group of Young Men to be doing things for YOU in the near future... By the way, any suggestions you have concerning improvements to our community, please send them to "Jaycees, Box 3, Granite City, Ill.

THE JAYCEE CREED

WE BELIEVE: That faith in God gives meaning and purpose to human life; That the brotherhood of man transcends the sovereignty of nations; That economic justice can best be won by free men through free enterprise; That government should be of laws rather than of men; That earth's great treasure lies in human personality; And that service to humanity is the best work of life.

"1961 'JAYCEE' DISTINGUISHED SERVICE AWARD"

ONE OF THESE THREE

Young men will receive the Granite City Jaycees' 1961 DISTINGUISHED SERVICE AWARD Wednesday night, May 16th... This award will be conferred for achievements, leadership and service to the community during the calendar year of 1961. This award is for direct, outstanding service and has no relation to JAYCEE membership. Only young men 35 years of age or younger were eligible... the judging committee is composed of citizens of the community who are now over the age of 35...

Tennis Warriors Split With Last Two Foes; End Regular Season Play With 11-4 Mark

Granite City high school's tennis warriors wrapped up the regular season with an 11-4 record and a tie for first place in the Southwestern conference as they divided a pair of non-league engagements at Wilson Park last week.

Dick Harmon's team lost its second 5-0 decision to tough Country Day of St. Louis county here Thursday afternoon, and then edged Madison the following day, 3-2.

Harmon held out his district doubles titlists—Bill Logan and Mike Barnes—Friday, and Madison salvaged one doubles match after winning one of three ties.

Friday's results: No. 1 singles—Mike Barnes (C) defeated Broyles, 6-1, 6-2; No. 2 singles—John Summers (M) defeated Tom Moore, 6-1, 6-4; No. 3 singles—Bob Buehne (C) defeated Frank Broyles, 6-0, 6-0.

No. 1 doubles—Bill Kaseberg and Wayne Hancock (GC) defeated Ralph Rideout and Jim Harrison, 6-1, 6-1; No. 2 doubles—John O'Leary and Larry Law (M) defeated Bob Bischoff and Pete Kirchner, 6-4, 6-2.

Red Not Good Enough

"We played our top tennis of the year and still got beat 5-0 Thursday," said Harmon of his matches with Country Day here. Codasco, like Granite City, is a district champion this year. "The score speaks pretty highly of the type of tennis they play," Harmon added as an afterthought. Beaten in the season's opening

Also taken to the hospital was Mary Powers, 22, driver of the car, and Sandy Williams, 19, a passenger. Two other passengers, Sherry Scott, 18, and Joyce Mercer, 19, were taken to Jewish Hospital, St. Louis. All the women are from Wood River.

State police said both vehicles were going south, and Howard apparently was slowing to make a left turn when his truck was hit from the rear by the auto.

Madison Boy Hit By Car

Charles Downs, eight, son of Mr. and Mrs. Delbert Downs of 1413 Third street, Madison, escaped serious injury when struck by a car in front of his home at 4 p.m. Saturday. He was treated at St. Elizabeth Hospital for bruises to the left arm and leg and side of his head.

His mother said the child was playing in the yard and suddenly ran into the street, into the path of an auto driven by Edgar Russell of 1218a Robin street, Venice. She said the driver could not stop in time to avoid hitting the boy.

Two persons were treated at St. Elizabeth Hospital Saturday night for injuries in auto accidents on which no reports were available from local or area authorities.

Everett Burris, 36, of 1905 Alton avenue, Madison, was treated for abrasions to the left arm and a laceration to the right eyelid after his vehicle struck a parked car. It was reported at the hospital, Mrs. Genieve Weatherly, 31, of Chicago, was treated for pains in the chest and to her right leg.

Hearts Hand Roxana Fourth Setback; Mercer Has Close Call At Maryville

Local Inter-City Baseball league entries Sacred Heart and Mercer Funeral Home improved their records to 2-1 yesterday with victories here at and Maryville.

The Hearts pounded two Roxana hurlers for 14 hits in scoring a 12-2 victory over the Merchants at Wilson Park, while Mercer nearly blew a 7-0 lead in the ninth inning but survived a six-run Maryville rally to edge the Red Sox 7-6.

Mercer's win kept that club five trips yesterday, now has in a three-way tie for first place in the I-C's Blue division with McAttee Glass and Pocahontas. The Glasmen, clipped Troy 6-4, while Pocahontas handed the Collinsville Boosters their first setback, 8-3.

The Hearts moved into a second-place tie with Collinsville in the Red division. Loop leader Moose Lodge of East St. Louis pushed its record to 4-0 with a 9-5 triumph over Carpenter.

The local club's victories yesterday marked the first time this season that both have won on the same Sunday.

Shutout For 8 Innings

Mercer hurler Jack Buehne had eight shutouts of shutouts (usually) behind him against Maryville and an apparent safe 7-0 lead, but failed to retire a man in the first six he faced in the home half of the ninth.

Bob Vetter came to his aid, but two wild pitches and an error narrowed the Mercer margin to one run before Vetter finally got the side out. The Red Sox scored six times on two singles, five walks and a miscue.

Mercer built a big lead early, and a good thing, too. Ollie Miller's club picked up two markers in the first on Gary Burnmaster's two-run single after Bob Stegemiier had scored and Charles Johannigmeier had doubled.

Double Steal Works

The visitors added two more in the fifth on a single by Don Crabtree, a walk to Johannigmeier, a double steal by the baserunners and Rich Brandling's single.

With two out in the eighth, Burnmaster doubled, took third on an outfield error and scored from third on a wild pitch.

Buehne won his own ballgame in the ninth when he singled in two runs after Bob Allen had singled and Rudy Diak had doubled him with two hits in.

Stegemiier, with two hits in

Romance and history make New Orleans unique among American cities, and Mardi Gras transforms it into a glittering land of imagination. But New Orleans is at its hospitable best during Spring Fiesta when mansions, including restored homes with their hidden gardens in the old French Quarter, are open and may be visited.

The Magic Circle auto tour starts at Jackson Square with its dramatic equestrian statue of Andrew Jackson, lovely 1784 St. Louis Cathedral, and the world renowned section of gourmet restaurants, Disraeli just south, and then south via 24-mile Lake Pontchartrain Causeway, the world's longest bridge—which gives you the feeling of having gone to sea in your automobile!

Across Canal Street in New Orleans of 1962: its stunningly

modern Civic Center, State Supreme Court Building and multi-colored, 18 million City Hall. The route then follows tree-canopied St. Charles Street past Loyola University to Tulane University's campus of imaginative new buildings and the famed Sugar Bowl stadium; Audubon Park with its zoo of exotic and unusual birds; and Chalmette National Historical Park, which enshrines the battlefield where General Andrew Jackson crushed the British in the War of 1812.

The route curves north to photogenic Fort Pike State Park, east to Fontainebleau State Park with its majestic live oaks and shining beach, and then south via 24-mile Lake Pontchartrain Causeway, the world's longest bridge—which gives you the feeling of having gone to sea in your automobile!

Five District Records Fall; Alton Repeats As Champion

As predicted, records fell like topkins Friday at the district track and field meet at Parkers Field in East St. Louis, where defending champion Alton continued to dominate the elder scene with a walk-away victory over the 14-school field.
The Redbirds won six of the 14 events offered, including both relays, and totaled 69 points. Runner-up East St. Louis, winner in three events, had 39 1/2 points.
Following in order were Centralia with 27, Lincoln of East St. Louis with 25, Cahokia 13, Belleville 12 1/2, Wood River 7 1/2, Edwardsville 5 1/2, Collinsville 4 1/2, Madison and Mascoutah 2 each, Assumption one point and Jerseyville, 1/2 point. Granite City did not score.

Relay Time Impressive

Most impressive of the new meet was the 3:20 high jump turned in by Alton's mile relay quartet, a time almost three seconds better than the record set in 1958 by Centralia.
A close second was Andy Cline's 1:55 clocking in the 180-yard low hurdles. The Alton athlete clipped 6/10ths of a second off East St. Louis' John Taylor's 1959 standard.
Alton's Paul Economides put the shot 34-7 1/2 for a district record, teammate George Hunt ran the half mile in 1:59.0 to establish another record, and Alton's 300-yard relay time of 1:30.1 was 1/10th of a second below the previous best time in the district meet.
Tom Schwartztrauber of Belleville ran the 100-yard dash in 10.0 to tie a mark held by Joe Budde of Belleville and B. Gater of Alton.
Madison scored its two points on Ken Griggs' fifth-place finish in the 100 and Wes Griggs' tie for fourth in the high jump with Jim Jackson of Alton.

FIELD EVENTS

High jump—Don Duncan (Centralia), 6-8; broad jump—Jim Frazier (East St. Louis), 22-6; pole vault—Don Duncan (Centralia), 15-6; shot put—Paul Economides (Alton), 54-7 1/2; NEW RECORD: old record 54-5 1/2 by Bob Wood of Collinsville in 1949; discus—Bo Hoskins (Edwardsville), 161-10 1/2.

Madison Plays Tuesday

Warriors Begin District Play Today After Ending Long Diamond drought

Granite City's Warriors were scheduled to open the Collinsville district baseball tournament at 3:30 this afternoon by meeting the host team in the first round of the four-team tournament.
Coach Joe Fedora, who has weathered a long and, for the most part, unsuccessful season, named Charlie Papp as his probable starting pitcher.
The right-hander has dropped his last two starts despite turning in one-hit and three-hit performances. Fedora feels he can get back into the win column against the Kahoks if he can get a bearing on the final SWC standings.
"I told Mac (MHS Coach Earl McClanahan) after the game that if his boys played like we have been playing," Fedora said, "Seven of the 10 GC runs they made would be the result of Trojans errors."
Madison, which has dropped its last two games to Southwest, will face Edwardsville in the first round of the four-team tournament at 3:30 this afternoon. The Warriors will be at home to Belleville in a non-league conference contest which has been rained out twice this far but must be played since it could have a bearing on the final SWC standings.
End Stump Thursday
Helped along by six Madison errors, three of which occurred in one inning, the Warriors broke out of their slump here Thursday afternoon on the strength of a seven-run third inning which eventually led to a 10-1 victory.
It was Granite City's first win in its last eight games, and Madison's second loss in its six most recent outings.

Round-Up Girl Scouts Take Geology Tour

Local Girl Scouts who are training in advance for summer "Round-up" tour near Griffin on Saturday with Edgar Odum as guide.
The girls, Norma Rivenburgh, Ronnelle Cooper, Hedi Brinkmeyer, Kathy Parker, Mary Jane Zimmer, Margaret Johans and Pam Bradley, collected fossils and rock samples to take with them to the round-ups.
"In making the tour, they also learned of rock formations in the area and the extent of formations caused by glaciers, earth upheavals and erosion.
Along the tour, a lunch stop was made at Pere Marquette state park.
John Krowbridge (Alton), 4:30.0; NEW RECORD: old record 4:30.0 by Dan Gantz, Prather (Alton), 18.5; NEW RECORD: old record 18.0 by John Taylor of East St. Louis, 1959

Baton Twirlers Win 24 Trophies, 7 Medals

Local baton twirlers won top honors in two contests over the weekend in Iowa. On Saturday, the contest was held at Pella, Ia., in conjunction with a "Tulip Time" festival. The trophies were red and white Dutch houses with windmills. In the two contests, the local girls won 24 trophies and seven medals.
Linda Oms, 10, who was named princess for the day, was awarded six first place trophies and also the visitors' contest at Pella.
Other winners Saturday were Pam Arth, 6, a fourth place medal; Debbie Butler, 7, a third place trophy; Debbie Johnson, 8, first and second place trophies; Debbie Presley, 8, two third place trophies; Brenda Sorenson, 12, a first place trophy; Marilyn Weckman, a second place trophy; Janice Howell, 15, a fourth place medal; Diane Dowditt, 4, a third place trophy; and Barbara Kazman, 8, a first place trophy.
In Sunday's contest at Iowa City, the winners were—Pam Arth, fourth place medal; Debbie Butler, third place medal; Debbie Presley, first place trophy; Debbie Johnson, second place trophy; Barbara Kazman, fourth place medal; Marilyn Weckman, who was named duchess for the day, first place trophy; and Brenda Sorenson, first place trophy.

Codasco Clips Coolidge, 4-1

Coolidge Juniour high school's tennis squad ended its regular season here Thursday afternoon by dropping four of five matches to a freshman club from Country Day School of St. Louis county.
The Braves had a 4-2 season, both setbacks being administered by Codasco. Coach Bob Wheeler is attempting to reschedule rain-out matches with Bethalto for later this week. The match results:
No. 1 singles—Jim Whitehead (CD) defeated Rusty Toburen, 6-3, 6-0; No. 2 singles—Jim Goldfarb (CD) defeated Drew Karandjeff, 6-3, 6-2; No. 2 doubles—Neil Senturia and Louis Loeb (CD) defeated Bernie Holman and Richard Blumenthal, 6-4, 6-2; No. 2 doubles—Frank Wolf and Harry Argrass (CD) defeated Sonny Stark and Paul Greve, 7-5, 6-1.

No Damage At Garage

No damage resulted when fire spread from rubbish to a garage at the rear of the Tri-City Firemen's 1221 Madison avenue, at 3:40 p. m. Thursday. Madison firemen answered the alarm.

Prather Edges MHS Fresh, 6-5

Prather's Chiefs pushed across two runs in the fourth inning here Thursday to edge Madison high school's freshman baseball team at Wilson Park, 6-5. Madison came back to tally three times in the fifth, but the rally fell one run short. Prather had scored three in the third.
Jerry Ritchie, who worked the first five innings for Prather, struck out nine and was the winner. John Besserman went the distance for Madison and took the loss. The Chiefs had six hits; Madison totaled five.
Ray Lord batted in three runs and Leroy Langlois two more for the 7-5 Chiefs, whose Friday contest with Cahokia was postponed until today due to rain. The Chiefs play Coolidge tomorrow.

Madison Reschedules Two Diamond Games

Madison's Trojans, who have won their last four Midwestern conference games after dropping two out of the first three on the schedule, have rescheduled two games after Earl McClanahan said this morning.
The Big Green will meet Duqu at home Friday and is scheduled against Cahokia next Tuesday, May 28, also on the MHS diamond.
Playing of the games is necessary since Madison has knocked out contenders Highland and Roxana, and has become a contender itself. Both contests will start at 4 p. m. The Trojans play tomorrow in the Collinsville district tournament.

Sportsman's Wins Makeup Game, 11-6

Sportsman's Club moved up into a four-way tie for second place in the Tavern Show Pitch softball league yesterday morning by defeating Greenhall 11-6 in a makeup game.
Jim Goodrich pitched Sportsman's to the win, and got back at the plate from Jesse Yarra and Harold Pruitt who each had four hits. One of Pruitt's safeties was a home run. Ike Bauer had two doubles, a homer for the winners also.
Gene McMurtrey was the loser. Don Halbert and Rich Fry had two hits each for the losers, who are 0-3.

Little Leaguers Open Sixth Season With Saturday Parade, Ceremonies

Approximately 180 uniformed members of the Nameoki Little League marked the official opening of the boys' baseball season here Saturday with a parade in the Nameoki area which concluded at the Little League diamond at Johnson road and Amos avenue.
In an opening day game which followed ceremonies at home plate, the Bobcats downed the Crawcubs, 8-3. Actually, the league had already completed one week of its 1962 schedule, the sixth under Little League sponsorship.
Tom Harmon served as master-of-ceremonies at the opening.

MAKE SAFE YOURSELF and your family BEFORE boating, fishing, vacationing.

TAKE ADVANTAGE OF WATER SAFETY TRAINING

at the Granite City Y.M.C.A., 20th and Edison Ave., Granite City or the Granite City Park District Swimming Programs or the Granite City Red Cross Programs

and Remember . . . Water Safety is a Year 'Round Necessity

1. TEST the ability of every member of your family. KNOW your own limitations . . . and the limitations of the others! DECIDE what instruction and practice each must have BEFORE facing any vacation hazards.
2. LEARN BASIC "DROWN-PROOFING"—the new method of staying afloat until rescued! To prevent panic, be sure each one is used to keeping EYES OPEN in the water.
3. LEARN HOW TO TEACH YOUR CHILDREN TO SWIM. Older children and adults take life-saving instruction.
4. PREPARE TO GIVE RESUSCITATION—know how to perform "mouth-to-mouth" and other methods of artificial respiration.
5. KNOW HOW TO SAFEGUARD YOUR FAMILY in boats, at beaches, on hikes, when fishing, on camping trips!
6. LEARN SAFE PLACES TO SWIM AND WATER SKI. Know the type of water, kind of bottom, hidden hazards such as drop-offs, stumps, rocks. Know what protection and safety equipment there is . . . and where it is. The "Y" pool is clear . . . and free of hazards.
7. LEARN APPROVED TECHNIQUES OF SKIN DIVING . . . a mask can be a death mask if improperly used! The "Y" has the first national course in skin-diving techniques.
8. DISCOVER WHETHER YOU SHOULD DO SCUBA DIVING . . . without a physical fitness test and training, it can mean TRAGEDY! The standard course for SCUBA is 32 hours of intensive training and instruction.
9. BE ABLE TO RENDER BASIC FIRST AID . . . essential for protection around home, as well as for recreational risks.
10. REMEMBER . . . your family's SAFETY IS YOUR business!

'Resuscit-Anne' Visits Daybreak Optimists

"Resuscit-Anne," the lifelike dummy on which mouth-to-mouth resuscitation is demonstrated, made another of her visits before local organizations Saturday morning when she appeared at the Daybreak Optimist club meeting.

The latest revival techniques were described by Cliff Blankenship, safety director at A. O. Smith Corp., and club members tried the mouth-to-mouth method of revival with the dummy. Blankenship also traced the history of revival of unconscious persons from its beginning in the 1500's. Early and sometimes crude methods of revival included whipping, the method of the "trotting horse" method, where the unconscious "victim" was tied to a horse in hopes that the rapid jogging motion would induce breathing. Blankenship explained.

He described briefly 17 methods of attempts to revive the breathing of unconscious persons, including the mouth-to-mouth method, latest development, where air is forced directly into the victim's lungs by the most direct means possible. Club President Fred Schwartz announced a monthly board meeting will be held in his home at 6:30 p.m. Wednesday. Representatives of the Daybreak club also will attend a district Optimist convention in Alton on Friday and Saturday.

Select Name For Infant

Charles Michael Jr. is the name given to their son by Marine Cpl. and Mrs. Michael, stationed in Beaufort, S. C. The infant was born April 27 and his weight was eight pounds 11 ounces. He has a brother, Jeffrey Dale, five years old, and a sister, Jennifer Lynn, three. Their mother is the former Linda King of this city.

Careless Driving

Gary L. Burns, of 1475 Fourth street, Madison, was given an arrest ticket by Granite City police Saturday on a charge of careless driving. He posted his driver's license as bail.

ADVANCING ON "ENEMY," troops of the 478th Engineer Co. at the Granite City Engineer Depot move toward other men of the company who have been designated as the enemy and are semi-concealed near roadway. The maneuvers are part of the counter guerrilla warfare training conducted of the depot.

Water Safety Campaign Launched In Area

"If you are like most recreation-minded residents of the Quad-City area, chances are your vacation plans this summer will include swimming, boating, fishing, water skiing or skin diving," a local community recreation leader said today. "And, many of the summer weekend activities will be water-based with the great concern to swimming and lifesaving through the park district, YMCA and Red Cross programs."

Club President Fred Schwartz announced a monthly board meeting will be held in his home at 6:30 p.m. Wednesday. Representatives of the Daybreak club also will attend a district Optimist convention in Alton on Friday and Saturday.

Eight And Forty Dinner

A group from Salon 33 of the Eight and Forty attended a dinner in Litchfield Saturday evening. Guest of honor was Beniah Umfer, departmental chairman. Attending from the Quad-Cities were Misses Dorothy and Norma Hinson and Mesdames Hazel Hinson, Estella McBride, Zelma Hart, Kathryn Fellers and Audress Brown.

Thieves Loot Machines At 3 Business Places
Thieves looted coin-operated machines in three business places in Granite City during weekend break-ins. Granite City police also reported catching two young boys inside a small business place before they could gather any loot.

Answering a complaint that someone was inside the Alpha cafe at 20th street and Missouri avenue early Saturday morning, police apprehended two youths, 16 and 15 years old, inside. They were turned over to their parents and referred to juvenile authorities. Entry was gained by breaking a front door glass with a rock.

Locks were broken off two coin machines at Eddie's Lounge, 2900 N. Main, over the weekend. Unsuccessful attempts were made to rifle two other machines. Entry was gained by breaking a window. Keys and an undisclosed amount of cash were taken.

Granite City Pool Hall, 1911 State street, was burglarized over the weekend. Entry was gained through a rear door that was nailed shut. About \$12 was taken from two coin machines. Unsuccessful attempts were made to rifle two other coin machines.

Bud's Harley-Davidson Service at 18th street and Cleveland blvd. was burglarized over the weekend. A door was pried open to gain entry. Coin machines were rifled of an undisclosed amount of money.

Louis Whittell, of 1670 Venice avenue, told police that two women's dress suits and 25 men's shirts and women's blouses were taken from his car Saturday. The convertible top was ripped to gain entry. The vehicle was parked at 21st street and Iowa avenue. A screen door was damaged in the attempt, but nothing was reported missing.

Kent Realty Co. reported to Granite City police that a house at 3220 Westchester drive was entered over the weekend. Entry was gained by tearing a screen on a basement window. Obstacles were written on walls but no other damage was reported.

Gene Sine, of 2900 Buxton avenue, told Granite City police that the valve stems were stolen from his car Friday when it was parked on a downtown lot.

Windstorm Damage
A windstorm at 10:30 p.m. Thursday blew out a window in a vacant home at 1347 Madison avenue with fragments of the glass cracking the windshield of the parked auto of Burl Lofland, 1345 Madison avenue, who was scratching the hood of the car. Madison police were informed.

"Water skiing, skin and SCUBA diving also have large followings in the Quad-City area. These," McMillan said, "are sports you should not even consider unless you're a good swimmer. If you're planning to take up skin or SCUBA diving, get a medical checkup first to find out whether you can take underwater swimming."

"Learning how to dive is easy enough, but don't try it until you've had training by a qualified instructor. The YMCA offers a course in diving."

Rescues Hazardous
The hazard of drowning is

always present in all water sports. Water rescues are for strong swimmers skilled in lifesaving, and even they should stay out of the water except as a last resort.

"It's best to find something to throw to the victim that will hold him up. Reaching out with a pole or article of clothing also are suggested methods of water rescue."

"If artificial respiration is needed, several methods are effective. Recommended by the YMCA since 1937 for small children, the mouth-to-mouth method is now widely used and is a preferred method even with adults."

"The most basic rule is the simplest. If you can't swim, stay out of the water," he tells adults and youngsters alike. He follows with the encouragement that "anyone can learn to swim. A good swimmer is a safe swimmer, and you get that way by learning and practicing safety."

Men Major Victims
Swimming is no sport for solitaire-seekers. Of the nearly 7000 drownings in the U.S. each year, almost 50% of the victims were there at the time, many sought otherwise have been saved. Men and boys past 14 ought to heed this warning most of all, since they account for 85% of all drownings.

Good advice for all swimmers, "Swimming is to rest and cool off after hard exercise before going into the water. Diving into cold water when tired or overheated can cause muscles to cramp or the blood pressure to shoot up. That could cause a blackout. And, know where you are diving. Underwater cables, submerged rocks, broken bottles, tin cans and other bottom trash can be dangerous."

"No Swimming" signs means just what they say; they often mark danger areas. Getting caught in strong currents, or quickly exhaust a swimmer; stay out of them. If you do find yourself in a current, don't try to back it, but swim across it and head for shore.

"Because they have little concept of danger, small children should be watched constantly around water," McMillan cautioned parents. "Floating aids like water wings and inner tubes give children a false sense of security. If they should drift into deep water and some thing happens to deflate them, support, tragedy could result. Teach them how to swim and to be careful around water."

This year, according to the YMCA, more than 40 million Americans will be about in everything from do-it-yourself kayaks to twin-engined cabin cruisers. In every water activity, the first rule of boating is to learn to swim first.

"Make certain your boat always carries some kind of approved life preservers. Even if only buoyant cushions. Small children, even if they can swim, should wear life preservers from the moment the step aboard and should keep them on. Children can tumble overboard and boats can capsize."

Boating Precautions
"Small boats should be entered at the ends only," McMillan advised. "Stepping in the middle can tip or swamp a boat. So can standing up. Never dive out of a small boat; for swimming, slide over the side and climb back in over the end."

"Most small boats will float even when capsized and can support several persons. Don't risk swimming to shore. Remain calm and hang on. Sooner or later, another boat is bound to come along and pick you up."

"Water skiing, skin and SCUBA diving also have large followings in the Quad-City area. These," McMillan said, "are sports you should not even consider unless you're a good swimmer. If you're planning to take up skin or SCUBA diving, get a medical checkup first to find out whether you can take underwater swimming."

ELECTION, JUDGING AT TERRACE GARDEN CLUB

The Terrace Garden Club held a monthly meeting with the annual election of officers, Wednesday afternoon in the home of Mrs. Robert Ruppel, 2545 State street.

A potluck luncheon was held in the clubhouse, and the centerpiece of the long table was a huge arrangement of roses, made of large turnips by the previous month's hostess, Mrs. Robert Zellerbach. One of the customs of the club is that the last hostess makes a floral arrangement and takes it to the current month's hostess to be used as the centerpiece. For the plan and potluck event, each member drew a dish assignment at the last meeting.

Mrs. Ruppel, president, conducted the business meeting and election. Officers will be installed at the June meeting, at The Barn in St. Louis. Mrs. Ruppel named Mrs. Earl Glenn to be chairman of the arrangements committee.

The new officers are Mrs. Arthur Moler, president; Mrs. Andrew Orsey, vice-president; Mrs. Gall E. Phelps, treasurer; and Mrs. Leonard Cushman, secretary.

The members paired off and made floral arrangements from flowers and greenery out of their own gardens and with containers and "frogs" they had brought with them. Pictures were taken of the group with their designs, the arrangements and the three prize winners.

A blue ribbon was presented to Mrs. Orsey and Mrs. Harold Dorries for first prize in the blue ribbon to Mrs. Phelps and Mrs. Carl Lochner for second place and a yellow ribbon to Mrs. Cushman and Mrs. Zellerbach for third place. The decisions were based on beauty, originality and ingenuity.

The members held a silent auction of plants grown by them, in lieu of the annual hub and plant exchange. Proceeds will be used for the Christmas tree to be planted in Memorial Park as the Salvation Army "Tree of Lights."

Other members attending were Mrs. Robert Ciley, Mrs. James Holland, Mrs. William Miller, Mrs. Victor Kenack and Mrs. Tilly Todd.

MRS. SHAW ENTERTAINS

Mrs. Vivian Shaw entertained her canasta club Thursday evening in her home, 1617 Madison avenue. The first prize winner at cards was Mrs. Rosalie Gilbert, second Mrs. Leonard Allen and third Mrs. Jo Gibson.

Mrs. Shaw served a late dessert course to the winners and Mrs. Betty Mathenia, Mrs. Dorothy Rogers and one guest, Mrs. Jane Ashby.

The June 7 meeting will be held at the home of Mrs. Edwin Thompson, 2904 Dale avenue.

SISTERHOOD ELECTS OFFICERS FOR YEAR

The Sisterhood met last week at the Dewey Avenue Methodist Church, with Mrs. Mabel Greer presiding. Mrs. Dorothy Westbrock accompanied singing and Mrs. Alma Davis gave the devotion, "The Will of God." A building fund dinner was scheduled for Wednesday.

Mrs. Greer was elected as 1962-63 president, Mrs. Geneva Grundon vice-president, Mrs. Bunn secretary and Mrs. Mary Davis, treasurer.

A yearbook committee was appointed and a Mother's Day reading was given by Mrs. Shirley Lane. "What Is a Girl?" Refreshments were served by the hostesses, Mesdames Alma Davis, Elsie Byrd and Fern Sanzoni, and lunch was offered by Mrs. Mabel Greer and Mrs. Zetta Hornbuckle.

Others present were Miss Nellie Kimberlin and Mesdames Ella Lindner, Naomi Woods, Audrey Bone, Iva Sevels, Genevieve, Julia Hill, Florence Keilbach, Gusta Pendleton, Grace Frickel, Mrs. Mary Ann Burns, Alma Burnett and sons, Cordell and Steven, Katie Alexander, Clara Forrester, honored as oldest mother present, and Jo Ann Tepler, youngest mother, and her sons, Doug and

Tables were decorated in white and yellow and orchid streamers, with garden flowers as centerpieces.

"Forward steps" were taught by Mrs. Norma Rains and Mrs. Esther Reutzel, leaders, as the Junior Circle closed with a song and a prayer. Friday evening, plans were made for a breakfast at a later date. Present were Mrs. Norma Rains, Mrs. Debbie Basen, Carolyn Bellman, Linda McMurphy, Connie Eberly, Carol Cline and Judy Anderson.

JUNIORS, PARENTS MEET

A junior-parent meeting was held Thursday night at Second Baptist Church, with the theme, "Home and Church Working Together." Mrs. Betty Lewis, junior department superintendent, presided, and Mrs. Betty Lewis, junior department superintendent, presided, and Mrs. Betty Lewis, junior department superintendent, presided.

The following officers took part in the District Nine Convention of Pythian Sisters here the past week: Mrs. Olivia Lehman, past supreme representative and a member of Cascade Temple 216 which served as hostess. Present were Mrs. Betty Lewis, past grand chief, and Mrs. Jeannette Settle, district deputy 3.

ON OUTING

Mrs. and Mrs. Henry Greene and children Kathy, Joyce, Linda and Dennis, 4517 Maryville road, motored to Haddon Sunday, May 20, enjoyed a boat trip on the Illinois River, followed by a barbecue at Pere Marquette State Park.

RESPONSIBILITY

Boost your community - whether you like it or not you are a partner in all of its activities.

IN A RUT

Borrowing money to get on his feet sometimes leaves a man with a loan shark on his hands. Money will buy a lot of things but courtesy is not one of them.

TIME TO THINK

Adversity has a tendency to get a man back on his feet after prosperity has knocked him out. A good start on the right road is only half the battle - a man must keep moving.

Mother-Daughter Party By League

Girls of the Senior League of the Gospel Mission, 2014 East 20th street, held a mother-daughter party Saturday evening at the Wagon Wheel near Roma.

Dinner was served at 7:30, following the invocation by Mrs. Bethel Davis, superintendent of the Mission.

Miss Linda Fowler, president, opened the program and each of the girls pinned a carnation corsage on her mother or other guest. The flowers were gifts from Miss Judy Hawk, secretary of the group.

Miss Sandy Lazenby, vice-president, served as master of ceremonies and each mother was asked to describe how she met her husband and how she came to choose her daughter's name. One mother met her husband at the Mission 20 years ago at a meeting of the same youth group to which her daughter now belongs.

Miss Lazenby presented a gift to the youngest mother, Mrs. Ann Fowler, and a loving cup to Mrs. Davis, the eldest mother. Others present were Linda Fowler and her mother, Mrs. Hilda Fowler, Miss Judy Hawk and her adopted mother, Mrs. Ellen McKinney, Miss Carol Bradshaw and her mother, Mrs. Ann Bradshaw, Miss Lazenby and her mother, Mrs. Bonnie Lazenby, Mrs. Bethel Davis, Mrs. Jackie Hillard and her husband, Mrs. Alice McKinney, Miss Connie Dean and her mother, Mrs. Mae Dean, and Miss Joyce Fowler, and her mother, Mrs. Ann Fowler.

Mrs. and Mrs. Calvin Lazenby Jr. are sponsors for the group which meets at 6:30 p.m. every Sunday at the Mission.

ATTEND STATE IFWC MEETING IN CHICAGO

Mrs. Rex Niles, Mrs. Harry T. Lewis, Mrs. R. E. Chapman, Mrs. Wilford Cooley were local club women who attended the state meeting of the Illinois Federation of Women's Club in Chicago the past week. They represented the Ladies' Coterie, the Bay View Reading Club and the Nanticoke Women's Club.

Mrs. James Seagraves of the Twenty-second District was elected first vice-president at the meeting.

Gabriel Shrine Honors Mothers

Mothers and Supreme appointments were honored Thursday evening at a meeting of Gabriel Shrine 78, White Shrine of Jerusalem.

Mrs. August McKissick, worthy high priestess, and Mrs. McKissick, watchmen of shepherds, who were appointed Supreme Page and Supreme Kings Guard at the recent Supreme Session in Denver, Colo., were escorted and introduced. On behalf of the Shrine, Mrs. Evelyn Morgan presented Mrs. McKissick with a corsage, and Mrs. Metcalf received a boutonniere presented by Richard Morgan. As they stood at the altar, Mrs. Margaret Michaels sang "Congratulations."

Sixty-seven mothers were escorted and as they formed a semi-circle Mrs. Michaels sang an appropriate number. After being introduced they were given gifts, and Mrs. Clara Harbig, the eldest mother, received a special gift.

"After the meeting, a party was held in the dining room. The tables were decorated with spring flowers and approximately 125 members and guests were seated for refreshments. Mrs. Lucille Poole and Mrs. Carmella Burnett headed the kitchen and dining room committees.

25 YEARS AGO

MONDAY, MAY 17, 1937
So anxious is Mayor Lee to get a certain WPA artist paving project in North Wabash completed, he now puts in much of his time personally supervising it, and frequently is taking a tool himself and performs real manual labor on the job. Thursday afternoon, while the circulation manager was delivering the Press-Record to the carrier boys in the vicinity, he found Dr. Lee so engaged.

The sight was so interesting and unusual he could not resist watching it for some time.

The Granite City Steel Co. had 16,000 tickets of admission printed for tomorrow and next day, and has already found that number is not enough. Many of the workmen, residents of this community who feel a friendly interest in the making of steel products, and businessmen from St. Louis and other neighboring cities have applied for the tickets of admission.

The number of tickets issued assures that the event will be thronged in the next two days by the largest number of visitors in its entire history. Mayor Lee, ringmaster, president, has designated the two days "Employee's Days."

Holders of tickets for the Community high school boat excursion which was scheduled for Saturday afternoon will be given refunds if they present the tickets at the high school office. The excursion was to have been on the Steamer Capitol but it was delayed and did not arrive until late Saturday night. Since the boat was on its way north and the schedule of the range for another date, the outing has been abandoned.

Ella Sept, senior at Community high school, was elected May Queen by the student body last week and will reign at the May festivities next week. At the school, Special maids elected were Catherine Purnell, daughter of Mr. and Mrs. E. A. Purnell, and Beulah Ruth Robinson, daughter of Mr. and Mrs. George Robinson.

The queen will be crowned during the ceremonies of the retiring Harvest Queen. Miss Dorothy Varnum, a student at Lindenwood College, was daughter of Mr. and Mrs. Earl Varnum.

Mr. and Mrs. George Rittman and daughter, Becky Joe, of Benton street spent the weekend with their parents in Mary Haute, Ind.

Harold Stark, son of Mr. and Mrs. L. Z. Stark of Granite City, has been chosen for the male chorus of the St. Louis Opera. He is a sophomore at Westminster College, Fulton, Mo.

An unusual and unique affair of the weekend was the "Theater" party arranged by Miss Lena Graham for the Intermediate Epworth League of the Madison and Mrs. Kutenberger.

as a form of conspicuous consumption. What could be more conspicuous? A new car on wheels, rubber conversation and creates a factory-like atmosphere.

This is not to say they should not be used by those who have lots, the elderly, invalids or widows. But for the most part, they are unnecessary, noisy and dangerous.

Every summer they chop off fingers and toes and hurt objects through the air. They are more difficult and hazardous than the job of mothers who depend on local communication when caring for children outdoors.

Is there any hope of getting rid of them? Maybe. Now that everyone has one, they are getting to be too common. Maybe the peace-seeker will begin to rent gooks, bring back lawnmowers, or plant grass that grows at the right size. Almost everything is an improvement.

LOCAL RESIDENT SAYS PUPIL HUMILIATED WITH BOARD'S APPROVAL
The citizens of Young Men's are very proud of their school board members. They are such a fine group of men who believe in honesty and fair play.

When a teacher takes "picks" on a student and humiliates the student with the board's approval, it is very disgusting.

Over the years, I have voted for every man now on the board, but I will not make that terrible mistake again.

DISCOURAGED
THERE SEEMS TO BE MORE AND MORE INTEREST IN OUR TAX LAWS AS TO WHAT IS RIGHT OR WRONG.

Some of the taxpayers are the ones paying the price. We elected a board in the highest manner and it doesn't look as if this is being done very effectively.

When you buy something on a store on credit and you don't pay, or fall behind, they get the money out of you. They don't

Monthly Cost Reduced, Plan Still Meets
Granite City Pollution-Drainage Needs

Granite City pollution-drainage planning has progressed to the point where final adoption of the plan is now a matter of time. The May 21 city council meeting, in this connection, should be noted that while the proposed monthly cost to users has been reduced, from the original \$3.40 to \$3.25, the revised program still meets the city's acute needs.

Through approval of the project, river pollution can be abated to comply with a state order; the ban on local residential, commercial and industrial growth can be lifted; the basement sewer-back-up menace can be eliminated through creation of a citywide two-pipe system, one for sanitary sewage and the other for storm water; overflow of effluent into Nameeki area yards and streets can be halted, ending a health hazard; sanitary lines can be extended to newly-annexed North Granite; the Nameeki storm water drainage ditch can be made safer and more efficient through widening, paving and lining; the present separation of drainage lines, eliminating the present obsolete one-pipe system, can make possible a saving of more than \$1,700,000 in the mandatory construction of a sewage treatment plant.

With so much available at so little actual cost to the individual, it is clear that the pollution-drainage plan represents the path of progress for present Granite Cityans and holds the key to the future as well; without a chance to grow, this community would have dim prospects, indeed.

The health, welfare and prosperity of every resident depends to a great extent on authorization of pollution-drainage action. The next Granite City council meeting can achieve a major milestone in local history.

Swimming Skill, Caution Needed To Reduce Heavy Toll Of Water Deaths

"Show sense in swimming for a safe summer," is a timely admonition by the YMCA, this week launching an annual campaign to reduce water accidents and drownings. Caution is almost equally important as learning to swim, for carelessness and taking of illogical risks are linked to a large portion of the nearly 7000 drownings occurring yearly in the United States.

With so many local residents operating boats, water-skiing and swimming, and several water deaths recorded each year in this area, "safety first" is more emphatic and can never be ignored, even if the individual is a capable swimmer. Water sports can be fun and are excellent for health and body-building, but they also can be deadly.

Paul Simon Clarifies
Statement Made Here

State Rep. Paul Simon of Troy today repudiated an overstatement he made in Granite City last Tuesday.

The statement was made at the first meeting of the Southwestern Illinois Area Study Commission, a study group set up to study the area's economic problems and to recommend ways to bring about a boom in Greater St. Louis.

Simon said he had been contacted by Paul Lichtenberger, president of the Tri-Cities Chamber of Commerce, concerning the statement.

"I don't think that anyone reading the full statement would question what I said, but I do share Paul Lichtenberger's concern that this one sentence distort the picture of what is happening in the area," Simon said.

"I would not want to mislead anyone," he went on. "We have tremendous potential, but unless we look to tomorrow and make plans to solve the problems we are going to face, our bright spots can be eclipsed."

Why can't the city or assessor get the back tax money due? It is because it is an unfair law that forces people to pay. Why can't the city or assessor get the back tax money due? It is because it is an unfair law that forces people to pay.

THE PASTOR SPEAKS

REV. HOWARD E. WHITE
Third Baptist Church

A simple reminder: All of us are interested in doing what we can to help our church. Maybe the following ideas will serve as reminders.

Even though they are not original, they are quite usable.

Pray For Your Pastor
A delegation of fifteen church officials called on a bishop to plead for a change of pastors.

Words Pastors Like To Hear
"We were getting ready to leave for a new church when you came, so we brought them with us."

"Of course I'll take that responsibility; it will be a privilege."

"The church is not perfect, but neither am I; I love it and would never say anything against it."

"Pastor, I'm praying for you every day."

"The bishop then asked them to go back and do much definite work."

Good food is essential to health, but it is astonishing how few of us eat certain foods or even skip meals to reduce our expenses. To consider health and the economy of dollars and cents is poor.

The body needs fuel, just as the automobile needs gasoline. The machinery of the body, food, must be properly distributed to maintain a normal state of health.

Breakfast, therefore, is important. Why? Because, ordinarily at this meal, the body has been without food for eight hours or more, the longest interval between meals.

Breakfast restores energy. An adequate breakfast restores the energy level needed to carry out the day's work with efficiency. It initiates the instinctive activity necessary for bowel regularity. It prevents mid-morning slumps and maintains a high level of productivity during the morning hours.

Children, breakfast should supply the good nutrition necessary for good growth and energy. Ripe cord.

With the high cost of living steadily going higher, and suggestions for economy of food purchases being recommended, it is well to remember that a good-nutrition, healthy body can most efficiently use the food it receives.

A poorly nourished body is like an automobile with the wrong octane rating of its gasoline. Unless a physician orders you to cut down on food, don't do so. Let a physical examination of the state of your health. Then, eat your meals as wisely for growth and energy. Ripe cord.

TRANSPORTATION BILL
WOULD ABOLISH RAILROADS,
RELATED PLANTS HERE
To the Editor:

In a history-making message to Congress on April 6, President John F. Kennedy spelled out his long-range program on National Transportation Policy.

As our city is indirectly affected by several aspects of this proposal, particularly those that affect our vast American railway system, we should urge Senators Dirksen and Douglas and Congressman Price, urging favorable action on this proposed legislation.

No other mode of transportation affects the Quad-Cities as our railroads do. This is due to the fact that our two large steel foundries benefit from financially healthy railroads across the width and breadth of America.

The proposed legislation does not involve the local industry in any way, so let us get behind something that will provide a boost for our local industry and economy.

POWER LAWMOWERS
NOISY, DANGEROUS,
USUALLY UNNECESSARY
To the Editor:

Trees and flowers are blooming. Days are warm and evenings are getting longer.

And so is the grass. That is what is ruining it. Power mowers pour out of basements and garages.

Across the finest patches of grass. Heaven help the kids if they made that much noise in a yard.

Every evening and weekend brings the spectacle of grown men trying to maneuver these clumsy, chugging machines among fences, flowerbeds, sliding sets, shrubbery, trees, awnings, doghouses, swimming pools and sandboxes.

To one unfamiliar with the values of our society, it would appear ridiculous. To the initiated, it is evident that the mower is second only to the automobile

Accident At Crossing

Norbert Begeman, 49, of Rural Route Four, Edwardsville, was given an arrest ticket Friday for careless driving when he was involved in a minor accident in the 1500 block of Edwardsville road at the railroad crossing.

Police said Zebedee L. Smith, 45, of 2203 Fourteenth street, stopped his auto at the crossing and Begeman ran into him, causing damage to both cars. Neither driver was injured. Begeman posted his automobile club card as bail.

578 Area Auto Crashes Already This Year

For the first third of 1962, 578 traffic mishaps were recorded in the Quad-City area, indicating a possible new yearly high of 1724 if the rate continues.

Quad-City Traffic Report For April

Accidents	Injuries	Deaths
1962 142	64	3
1961 145	69	6
1960 128	60	0
1959 110	52	8
1958 115	53	0
1957 129	59	0
1956 141	49	5
1955 110	55	5
1954 72	32	0
1953 100	34	5

Though the toll has gone higher this month, there had been eight deaths through April, the same as in the first third of 1953 and less than the totals in 1954 and 1955.

The past month's 142 crashes equal the previous April mark, set a year ago, and the 64 injuries were exceeded for April only by the 69 in April 1961. There were six fatalities in April a year ago.

So far this year, January leads with 185 accidents, February with five traffic deaths and March with 86 injuries.

Ray Robertson Dies In Georgia Accident

Funeral services were conducted at 11 a.m. Saturday at Richmond, Va., for Ray Robertson, 42, former Granite City resident who died in a highway collision in Georgia May 7.

Mr. Robertson's car was struck by a tractor-trailer truck after its brakes failed on a steep hill, according to a report of the accident received here. He was in Georgia on a business trip.

He was the brother of Ernest Robertson, Granite City, and son of Mrs. A. H. Robertson, also of this city. He made his home here until 10 years ago.

Maturing Teenagers Need Adult Understanding, Help

(Editor's Note: This is the second of a four-part lecture series by Dr. Raymond T. Froyer, Southern Illinois University psychology professor, in the YMCA course on "Understanding and Working With Teenage Groups." The remaining lectures will be printed in coming weeks. Subject of the second lecture is "Contributing to the social and emotional growth of teenagers.")

Emotional storms of teenagers cause more than a little rain to fall in the lives of many parents. Making sense out of teenage behavior may stretch our understanding and love to the breaking point.

A minister's wife once put the problem this way. "I'm concerned," she said, "trying to understand what is happening to my 15-year-old son. It seems as if he has suddenly adopted exactly the opposite of everything we've taught him. He used to be very considerate, but now he is an angry, aggressive boy who would rather be with the black leather jacket crowd than with church youth. And what makes it harder is that I've tried to talk to him through all these years."

Parents who have tried to build warm family relationships through the years find that in the middle teens, their most loving plans seem to be going astray. Communication with their children seems impossible and the younger generation becomes inconsiderate and even antagonistic.

With the teenager, there are new kinds of adult feelings that he doesn't understand. There are strong surges of emotion are mystifying and often create uncertainty and anxiety. With the flood of new feeling, a young person who has been strongly attached to his parents may change his attitudes toward them.

While he could not express his feeling in words, he senses that his very growing up is endangered by the temptation to fall back into the emotional closeness of his childhood. He feels he must avoid those attachments associated with the infant and child.

Breaking the emotional tie of childhood and gaining control over the new adult feelings is not easy. For some teenagers, what should be a transition to emotional upheaval can become a severe illness. We need to be alert to tendencies to "pull back," intense depression, loss of appetite, and inability to sleep.

Most teenagers reach adulthood with only minor emotional storms, although our complex culture contributes to more anxiety than in any previous generation. It's no simple matter for them to cope with the problems of conformity and nonconformity, the shrinking market for unskilled young workers, the atom bomb, the push toward other planets, and the ideological

Social Adjustments
Probably the area where teenagers meet some of their most pressing problems is in adjustment to their social life. Many emerge from childhood with feelings of fear and inadequacy which, temporarily at least, set obstacles in their way. Such obstacles vary in terms of past experience and present personality patterns and in terms of community and family relationships.

Most young people have had enough experiences to have established various patterns of dealing with people. Some are confident and expect to be liked. Others may get along well with adults but poorly with their age group; still others reverse this pattern.

Some teenagers are so shy or aggressive they cannot make friends. One study found that parents of high school leaders tended to avoid the extremes of control or permissiveness. On the other hand, families of the outcasts among teenagers were likely to have exercised a great deal of control or to have protected their children very much.

As social horizons broaden beyond the teen's own family and his own sex, new problems are created for him. He develops new attitudes toward himself and others. He is no longer a child, and the circle of friends of his own age widens.

In this new social world, the teenager wants to be successful. He wants to engage in many activities and desires to have others like and approve of him. Every aspect of his behavior is colored by his desire for approval.

Time With Group
You need a chance to spend a lot of time with their own age group. Parents approve of their children no longer love them, but if relationships in the home were good before the "storm stage," there's no reason to worry during this period.

One would expect, the group change during the teen years, especially as their members progress into the later part of the period. Perhaps the most outstanding change is from identification with the herd, or "peer group," to a smaller, more select group.

It becomes more important for older youth to have the right kind of friends than to have a lot of them. With each step toward narrowing his group, youth tends to develop more intimate and lasting friendships than in his earlier groups.

As interests become more stable, some of the groups with which they identify are based upon interests which the members have in common. Balloons and even rowing—at many times, they tend as they go into the later teens to develop more adult-like social patterns. Behavior becomes dignified or restrained depending on examples of adult behavior they seek to emulate.

Teen-Age Conformity
Consciously and unconsciously, people often adopt other people's values, ideas, mannerisms, and ways of behaving. Learning by imitation and identification is of great importance in personality development. Teen-agers tend to shape themselves in likeness, not only of their parents, but of other grown-ups and of their age mates whom they admire.

Imitation during this time of development often takes the form of conformity. They follow the latest fad in dress, hair style, conversation, and recreation.

Not only does the group provide the teen-ager with behavior patterns, but it is a source of encouragement to him as he explores a wider world. He gains self-confidence through the fact that others share his experiences. Each feels the support of the group as they take their exploratory steps together. This support is needed as each becomes responsible for his own behavior.

"When we understand the great need for support from his group, the fact that the teen-ager is a conformist is obviously nothing to worry about. What is important is the type of group he identifies with and the price he may be paying to 'belong' to it."

Parents and others who guide teenagers must be concerned about the type of group to which they are conforming. When the pressures of group approval and disapproval become so strong that one sacrifices his own individuality to win membership, the effect upon his personality may be disintegrative.

Conforming in superficial ways, however, is not likely to have serious or lasting effects. Most teenagers at times take on unpleasant mannerisms or forms of speech, wear uncomfortable or inappropriate clothes, and pretend to be interested in things they really don't like, just to conform. Sooner or later they will disappear.

When the interests and activities of the group are constructive, the "we" feeling a teenager derives from the group in common interests and shared activities is a great source of strength. It helps him to feel confident in such matters as being granted the right to privacy, to have secrets, to choose their own friends, and the groups they will belong to or stay out of. Then, if the occasion arises when parents feel that discouraging membership in a particular group is necessary, youth will likely listen.

Helping Our Youth
Naturally, the larger tasks of adulthood depend upon successful resolution of the major tasks of the teen-age years. Criteria are needed to determine whether the teen-ager is developing in the right direction. As maturity is reached, the following are an acceptable:

The youth who is ready for adulthood has found healthy groups in which to express his emotions, but can control them to the extent required. He has learned to inhibit external expressions of emotions, as well as to ignore many of the stimuli which in early years produce stress-producing.

Older youth may make heavy emotional investments, but is capable of quick composites at or disappointments and can take the inevitable frustrations and disappointments of life.

He has learned to play mature roles successfully in the areas of sex, vocation, and social groups. He has established satisfactory relationships with his own and the other sex. He has good friends, but is not slavishly loyal to them.

Our complex, interdependent world requires us to live and work closely with many people. It requires us to work for the welfare of others. The mature person is aware of this and assumes responsibilities beyond his own needs and enjoys the experience.

Self-Reliance
Few parents of teen-agers live through the growing pains of this age without anguish. Nothing is more difficult than to stand on the sidelines while youth fight out the problems of growth. The wise person will

adopt a "hands-off" policy during the important struggle to develop independence at many points.

Self-reliance is furthered by permitting youth to build up a repertoire of experiences, by letting him make mistakes, by giving him a helping hand when it is asked for, and by giving him freedom to make his own decisions. Probably he will decide for himself if his thinking is not confused with considerations of what would please mother and

Aids for transforming a youth into an adult must be flexible. There can be no standard ways of helping because not every youth confronts the same problems. Individual problems vary according to his community, home, education, and his own unique personality.

Reasoning and letting the teen-ager make his own decisions often helps. To trust a teen-ager does not mean to leave him entirely to his own devices. Questions can be asked about "Where?" "With whom?" etc., without making it sound like a cross-examination.

Youth appreciate evidence of adult confidence in such matters as being granted the right to privacy, to have secrets, to choose their own friends, and the groups they will belong to or stay out of. Then, if the occasion arises when parents feel that discouraging membership in a particular group is necessary, youth will likely listen.

In groups just as with individuals, teen-agers tend to live up to what is expected of them. They usually shape their actions on the mental picture of themselves which their parents and leaders have built up in them, perhaps unconsciously, through the years. Too often, they are shocked and hurt by the implications of their actions, as well as the realization that they would do anything seriously wrong.

Social and emotional development can be accomplished without undue stress when a cooperative relationship has been worked out with the teen-ager, his parents, and the other adults who direct his actions.

Free Chest X-Rays Set For Quad-Cities Thurs.

The Madison County Tuberculosis Association will begin giving free chest x-rays in this area Thursday. The service will be available at six locations in the Quad-Cities area on a schedule that runs through June 9.

The x-ray unit will be at the Ira King store on Weaver street, Madison, from 4:30 to 6:30 p.m. Thursday.

Other locations scheduled are: Friday, May 25—from noon to 4 p.m. and 4:30 to 6 p.m. at Bellemore Village shopping center, Granite City.

Saturday, May 26—from 9 a.m. to noon at Venice City Hall, and from 2 to 5 p.m. at Bellemore Village shopping center.

Saturday, June 2—from 9:30 a.m. to 1 p.m. and from 2 to 6 p.m. at Madison Dairy Master, 516 Madison avenue, Madison.

Saturday, June 9, from 9 a.m. to noon and from 1 to 5 p.m. at Granite City hall.

The equipment will be manned by registered technicians. Modern filters direct x-rays to the chest area alone, avoiding any unnecessary exposure to rays of other parts of the body.

Persons 16 years of age and over may take advantage of the service which is paid for through the sale of Christmas seals.

Will Receive Degree
Larry E. Jones, a son of Mr. and Mrs. Arthur H. Jones, 3234 Colgate place, will receive a Bachelor degree in economics May 30 at St. Benedict's College in Atchison, Kans.

Lions Club Nominating Committee To Report

The nominating committee is to submit its report at next week's meeting of the Madison Lions Club. It was reported during Thursday evening's dinner session held at the Sportsman's Club, attended by 24 members: Albert Love is the retiring president.

In charge of arrangements for the officer installation ceremony and dance to be held June 23 are William Coughlin, Frank Mudrovic, Larry Falker, Edw. Delahay, and Les Abernathy.

The date of the annual golf tournament was set for June 14 with the course to be announced later. In the event of rain, the tournament will be held on June 21. On the arrangement committee are Vincent Bleschoff, Paul Lunsford, Emmett Puzia, Stephen Maerz and Austin Lewis.

Mon Fined As Disorderly
William A. Berry, 36, of 4303 Kirkpatrick Homes, was fined \$250 and costs Friday for disorderly conduct. He was arrested Thursday at the Kentucky Colonel restaurant, 2003 Madison avenue, after he walked in and asked for \$10, Geneva Miles, the cashier, gave him the money when she noticed he was holding his hand in his pocket. A patron, Jerome Schaffer, grabbed the man, however, and held him on the floor until police were summoned.

Mrs. Fuller's Paintings
Mrs. Bonnie Fuller, 2707 Roosevelt street, had on display at the annual Art Fair in Collinsville over the weekend some of her oil paintings.

Among the paintings exhibited were two: "Shiva," a portrait of the poet Robert Frost, and another entitled "Korean Refugee" in which an elderly Korean woman was shown comforting a frightened small boy. Also shown were two abstract works entitled "Conflict" and "Early Spring Flowers," a portrait of Kathy Raub, 11-year old daughter of Mr. and Mrs. Herman Raub, 2810 Cayuga street, and a self-portrait of the artist at her easel.

The Fair, held Saturday and Sunday in the Collinsville Youth Center, was sponsored by the Collinsville branch of Illinois Federated Women's Clubs.

WERE ROOMS IN YOUR HOUSE COLD LAST WINTER?

In last winter's record cold, you probably discovered where you needed extra heat. Perhaps it was the family room, the bathroom, that new attic room, or perhaps that bedroom over the garage.

Luxurious electric heating may be just the solution to the problem of the hard-to-heat room. It requires no ducts, so it's easy to install. A separate thermostat lets you regulate the temperature in one room without overheating the whole house.

Electric heating for the entire house does cost more to operate than any of the common heating

methods. Many families will find the operating cost is more than they want to pay. However, if you are building a new home or putting in a new heating system in an old home, investigate electric heating. The additional operating cost may be less than you think and worth the difference to you.

Ask your architect, electric contractor or your Illinois Power heating representative about that cold room in your present home... or about electric heating for your new home.

Spring Theme For Choral Concert Tuesday At GCHS

Madrigals, folk songs, spirituals and show tunes, all with a spring flavor, will be featured to-morrow night when six choral groups including 275 students at Granite City high school present the annual spring festival concert in the GCHS auditorium at 8 o'clock.

Directed by Warren Simpkins, the concert will be open to the public free of charge. The advanced mixed chorus will open the program with two madrigals, "Forewell, My Love" and "Weep, O Mine Eyes," and will combine with the boys' glee club and cantando girls' glee club to close the program with "Climb Every Mountain" from "The Sound of Music" by Richard Rogers.

Other show tunes on the program are "Do-Re-Mi" from "The Sound of Music," "Summer

"Time" and "In the Still of the Night." Other vocal groups on the program are the seventh hour mixed chorus, fourth hour girls' glee club and sophomore mixed chorus.

Soloists will be soprano Beverly Evers, "Weep, O Mine Eyes," and Howard Mason, baritone, in "It Might As Well Be Spring." A quartet, "So Much in Love," will be sung by the two.

During the program, the names of four students selected from the vocal music department to attend the senior choral camp on the campus of the University of Illinois in July will be announced. All senior students in the vocal music department will also be recognized during the evening.

Graduating Seniors

Graduating seniors include Larry Allen, Mary Gean Martin, Sharon Bevil, Carol Easter, James Campbell, Wanda Chadwick, Richard Cline, Carl Cochran, Janet Cox, Lois Crews, Robert Dean, William Eaker Jr., Carol Eberhart, David Evans, Dolores Fisher, Jean Fryzsko, Kenneth Hicks, Jean Hinson, Beverly Jackson, Edward Keeler, Carter Knipping, Guy Lahr, Frances Livesey, Jean Luschig, Howard Mason, Evelyn Mitchell, Nancy Modglin, Tom Moore, Mary Moran, Janet Murphy, John Pinkerton, Lana Rider, Sandra Ryan, Virginia Rodgick, Patricia Santiago, Robert Schroeder, Janet Schuette, Robert Short, James Slattery, Daniel Snyder, Judy Stash, Linda Stroehde, Karen Timmons, Judith Towse, Lynn Walton, Richard Weiss and Diane Woolley.

Surplus Property Sale

June 4 At Local Depot

Another spot bid sale of government surplus property will be conducted at the Granite City Engineer Depot at 2 p. m. June 4 by the Defense Surplus Sales office of the Defense Supply Agency.

Included in the sale are miscellaneous bearings, boom extensions, electronic equipment components, files, generators, heaters, construction equipment parts and signal supplies.

Property is located at the Depot, Fort Leonard Wood, Mo., and Scott Air Force Base. Prospective bidders may inspect the material between 9 a. m. and 3 p. m. from today through June 3.

Closed Tomorrow

The local office of the Illinois Veterans Commission will be closed tomorrow, manager Joseph Wetton has announced. Wetton is on vacation this week, but Erwin Beckman, service officer from the Alton office, will be at the office here Wednesday through Friday.

Runs Into Parked Car

William D. Weiss, 38, of St. Louis, was fined \$10 and costs Friday by Police Magistrate Gasparovic for careless driving. He lost control of the truck he was driving in the 1900 block of Lynn Friday and ran into a parked car owned by Joan J. Willis, of 206 Devon Hill.

Exceptional Children Teacher Scholarships

Miss Sharon Reinhardt, a daughter of Mr. and Mrs. Elmer Reinhardt, 2805 Iowa street, a student at Illinois State Normal University in Normal, is one of the young people now using state scholarships while preparing to teach exceptional children. Applications for obtaining scholarships are available at the office of the Illinois superintendent of public instruction.

Each award may save a student from \$350 to \$700 in fees over a six-year period while preparing for teaching. High school seniors and persons already certified to teach in Illinois may obtain state aid while preparing to work with exceptional children.

Vandals Damage Auto

Vandals scratched the paint on a car owned by Albert J. Wozniak, of 4106 Kirkpatrick Homes, and wrote obscene words on the body Thursday night or Friday morning. The car was parked on a lot on the 4100 block of Ridgedale avenue.

4 Nominees For English Achievement Awards

Four Granite City high school students, Carol Bradish and Carolyn McIlvren, low seniors, and Robert O. Butler Jr. and Sandra Malone, top juniors, have been nominated for the annual Achievement Awards program sponsored by the National Council of Teachers of English.

For the fifth year, the council is conducting the awards program throughout the nation to grant recognition to outstanding high school seniors for excellence in English. The writing abilities and literary awareness of each nominee will be judged by local and state committees. NCTE will announce the winners in December 1962 and send their names to every U.S. college and university with the recommendation that they be considered for scholarship assistance.

So far, the recognition extended to superior students of English has encouraged continued effort in the area of English studies. James R. Squire, executive secretary, reports. The awards competition is part of a

comprehensive program undertaken by American teachers of English from primary classes to the graduate school to combat verbal incompetence which, in the words of a prominent Chicago businessman, "is threatening to become a chronic disease of the American intellect."

Founded in 1911, the NCTE is a professional, non-profit organization of teachers of English at all levels. Currently, its membership is over 73,000.

The Magic of **M₂P G**
Means more miles per gallon

AND ONLY STANDARD DEALERS HAVE IT!

We can prove it! We can prove that M₂P G*, the exclusive additive in both gasolines at your Standard Dealer's, will improve your mileage. Listen to this: in a city-traffic driving test (the toughest test of all) of 2½ million miles, it boosted mileage by 6%! How? M₂P G keeps throats of new carburetors clean, removes harmful deposits from the throats of old carburetors. This means goodbye to rough idle and gas-wasting stalls—hello to more miles per gallon! The magic of M₂P G is meant for you—put it to work the very next fill!

You Expect More From Standard And You Get It!

*PATENT GRANTED BY THE U.S. GOVERNMENT!

Here's positive proof that M₂P G is clearly unique: It's patented! Patent Numbers: 2,901,162. Date of issue: July 4, 1961.

Two Edwardsville policemen arrested him early Friday morning as he sat in an auto at the shopping center. An apparent accomplice fled as police approached. An undetermined amount of jewelry was missing from the jewelry store, and police discovered an unopened safe on a sidewalk at the shopping center, taken from the hardware store. Entrance to both stores had been gained by prying open the front doors.

Questioned here Friday by Edwardsville police was a Granite City man who admitted being with Myatt at a local tavern earlier in the evening, but denied that he accompanied Myatt to Edwardsville. No charges were filed against him.

Edwardsville police said Myatt's case will be presented to the May term grand jury.

The suspect was fined \$100 and costs on a charge of disorderly conduct Friday, and an additional \$50 and costs on a charge of illegal possession of alcohol.

PINOCHLE CLUB MEETS WITH MRS. BRISKY

The 1500 Pinochle club was entertained Thursday evening in the home of Mrs. Dolores Brisky for a monthly meeting.

First prize was won by Mrs. Venona Kibort, second by Mrs. Ruth Orr, third by Mrs. Mary Miller, fourth by Mrs. Brisky and 100 aces prize by Mrs. Sharon Vivod of Collinsville.

The hostess used red and green candles as the centerpiece of her serving table for an unusual decoration and during the height of the evening's storm, as illumination. She served a late dessert course to the prize winners and Mrs. Olga Mink. Mrs. Helen Bowles and Mrs. Agnes Vivod.

Mrs. Orr invited the club to meet in her home, 2241 Waterman avenue, June 13.

CARD CLUB MEETS

Mrs. Mary Brackett entertained her card club Wednesday evening in her home, 2346 Woodlawn avenue, for the regular monthly meeting.

The group played pinochle, and first prize for high score was awarded to Mrs. Thelma Schmitt. Second prize went to Mrs. Gloria Knackstedt, third to Mrs. Frieda Yates and the floor prize to Mrs. Nora Halvachs.

The hostess served a late dessert course and had a large wooden platter filled with tropical fruits as the centerpiece of the serving table. Other members of the club present were Mrs. Harriet Hoff, Mrs. Shirley Brown and Mrs. Elvera Vendi. Mrs. Yates has invited the club to her home, 1605 Moor avenue, for the June meeting.

LOCAL SINGER TO APPEAR ON TV

Mrs. Warren MacZura will sing on a St. Louis television show tomorrow afternoon. The opportunity came as the result of a phone call from the station to Mrs. MacZura while the show was in progress. During the interview, the local singer stated that singing was her hobby, and she was asked to sing over the telephone. The invitation to appear on the next program followed.

Mrs. MacZura has appeared at civic affairs, before church groups and in minstrel shows in this area for the past few years. She lives with her husband and four children at 3208 Aubrey avenue and is the former Margaret Rogers.

RETURNS FROM HOSPITAL

Mark Hartman, three, son of Mr. and Mrs. Harry E. Hartman, 3340 Redbud avenue, returned home from St. Elizabeth Hospital
